Oh dear, has your old 1990 Yamaha ProV 150 outboard decided to show its age and is refusing to run properly? You can't be too surprised that an outboard of that age will occasionally be a bit temperamental, but there's no need to give up on it just yet. With a few replacement parts you can fix your ProV 150 and get it running like new again. Boats.net has thousands of genuine Yamaha 150 HP ...

Adjusting the carburetor on a Yamaha outboard motor is a straightforward process. Even though it is straightforward, it may leave you feeling like you've spent a great deal of time standing on your head since the adjustments will require you to lean over the top of the motor for at least half the time it takes to make them. Fortunately, such adjustments are usually only necessary after the ...
