I DON'T KNOW ANYBODY who has ever done such a daring thing as I have done, twenty-two-year-old Aileen Kilgore of Brookwood, Alabama, wrote in her diary in January 1944, after enlisting in the Women's Army Corps (WAC)

Georgia, to her discharge in late 1945, Kilgore served as one of more than 150,000 American women who joined the Women's Army Corps - the first group of women other than nurses to serve in the ranks of the United States Army. Aileen Kilgore Henderson has now collected and edited diary entries and personal letters that recount in an engaging narrative style her twenty-three months of experiences in the army. Recording the excitement and anxiety of enlisting, along with the camaraderie, challenges, and monotony of military life and labor, Henderson had a keen eye for the newness of her

New York Times bestselling author Gena Showalter's paranormal novel features the return of her sexy breed of alien huntresses. other vampires exist. Seductive Devyn has the answers she craves, and he can take her to the dark underground of her people. But Bride's blood might hold the key to saving Devyn's friends, so he's loath to let her go. Especially when he begins to crave her more than he's ever craved another. Together they enter the seedy world of slave auctions, battle a powerful alien queen whose diseased blood turns humans into cannibals, and discover a passion unlike any other. But in the end, Bride must choose between the man she's come to love and the family she's always longed for.

"Papa explains the war like this: 'When the elephants dance, the chickens must be careful.' The great beasts, as they circle one another, shaking the trees and trumpeting loudly, are the Amerikanos and the Japanese as they fight. And our Philippine Islands? We are the small chickens." Once in a great while comes a storyteller who can illuminate worlds large and small, in ways both magical and true to life. When the Elephants Dance is set in the waning days of World War II, as the Japanese and the Americans engage in a fierce battle for possession of the Philippine Islands. Through the eyes of three narrators, thirteen-year-old Alejandro Karangalan, his spirited older sister Isabelle,

While the Karangalan family and their neighbors huddle together for survival in the cellar of a house, they tell magical stories to one another based on Filipino myth that transport the listeners from the chaos of the war around them and give them new resolve to continue fighting. Outside the safety of their refuge the war rages on—fiery bombs torch the countryside, Japanese soldiers round up and interrogate innocent people, and from the hills guerilla fighters wage a desperate campaign against the enemy. Inside the cellar, these men, women, and children put
