The redesigned BMW Z4 delivers ... in Sport mode. The Z4 comes exclusively with an eight-speed automatic transmission. Purists will say that the car begs to have a manual transmission.

BMW, that most performance-oriented of car companies, had no affordable sports roadster in its line-up before 1995. Stung into action by Mazda's revival of the classic two-seater roadster, the Germany company quickly staked its claim with the Z3, a classic long-nose, short-tail design that used existing BMW mechanical hardware to good effect. This new book tells the story of BMW's Z3 and Z4 two-

seater roadsters and coupes, which since 1995 have been at the forefront of the affordable sports car market. The history of the Z3 and both generations of Z4 are covered as well as full specifications of all models; the formidable M Power derivatives and a guide to buying and owning. The book is profusely illustrated with over 200 colour photographs and diagrams. Contents include: Historical background to BMW's arrival in the two-seater sports car market; Complete history of the Z3 and both generations of Z4; Full specifications of all models; The formidable M Power derivatives; Guide to buying and owning.

Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A

Readers who love fast cars will love this book, featuring many of the fastest, most powerful cars on the planet. They will meet the international "superstars" adored by car lovers the world over, sports cars from Ferrari, Lamborghini, BMW, Porsche, Jaguar, and more.

BMW Z4: Design, Development and Production is the story of the creation of the Z4 from the first concept in the summer of 1998 until the delivery of customer cars in October 2002. David Lightfoot had exclusive access to the designers, engineers, and production personnel involved in the Z4, and provides an exciting behind-the-scenes look into the process. Never before has the story been told of how BMW brings together creative people and world renowned technical resources to deliver dream machines to its devoted clientele. David Lightfoot is a BMW

enthusiast of the first order. He writes for Roundel, the publication of the BMW Car Club of America, on topics ranging from BMW history to future products and development. A particular interest is high performance driving; he has been an instructor with his local BMW Club for more than 20 years. The irony of his driving style and his last name have been brought to his attention many times. He is a lifelong resident of Seattle, Washington. This is his first book.

The BMW Z3 Service Manual: 1996-2002 is a comprehensive source of service information and technical specifications available for the BMW Z3 Roadster and Coupe up through the 2002 model year. New durable hardcover format - This BMW manual is now being published as a durable, long-lasting hardcover book designed to withstand many years of use in a professional shop or home garage. Though the do-it-yourself BMW owner will find this manual indispensable as a source of detailed maintenance and repair information, the BMW owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician.

A practical restoration manual on the E36, the 3 Series BMWs built between 1990 & 1999. Covers all models from the 316 compact to the M3. Advice is given on acquiring a good pre-
