First Published in 2011. Routledge is an imprint of Taylor & Francis, an informa company.

A dictionary of the 500 most frequently used words in the Chinese language, this instructive reference provides meaning and grammatical explanations for the use of each word. Based on a scientific study that concludes that learning a language can be achieved by mastering its most used words, the text acts as both a traditional dictionary and a teaching guide to the world's most widely-spoken language. Each entry is presented in both Chinese characters and roman letters, with pinyin transcription. This book also includes an introduction to the Chinese language and a pronunciation guide.

A Frequency Dictionary of German is an invaluable tool for all learners of German, providing a list of the 4,034 most frequently used words in the language. Based on a 4.2 million-word corpus which is evenly divided between spoken, fiction and non-fiction texts, the dictionary provides a detailed frequency-based list plus alphabetical and part of speech indexes. All entries in the rank frequency list feature the English equivalent, a sample sentence plus an indication of major register variation. The dictionary also contains twenty-one thematically organized lists of frequently used words on a variety of topics as well as eleven special vocabulary lists. A Frequency Dictionary of German aims to enable students of all levels to maximize their study of German vocabulary in an efficient and engaging way.

The TPS Frequency Dictionary of Mandarin Chinese is not just another character frequency based dictionary. It has been designed to provide students with a guide for learning new characters, words, and phrases gradually, building upon characters already familiar. The entries have been arranged according to a Triple Progression System in which words are grouped first by character frequency, then by word frequency, and filtered so that new words and phrases appear only after all of their component characters have been introduced.

The only up-to-date frequency dictionary of Spanish currently available, this is an invaluable tool for all learners of Spanish that provides a list of the 5,000 most commonly used words in the language. Based on a twenty million word corpus evenly divided between spoken, fiction and non-fiction texts from both Spain and Latin America, the Dictionary provides a detailed frequency-based list, as well as alphabetical and part-of-speech indexes to ensure maximum ease of access to the information and efficiency of use.

includes written and spoken material both from France and overseas, this dictionary provides the user with detailed information for each of the 5000 entries, including English equivalents, a sample sentence, its English translation, usage statistics, and an indication of register variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are thematically-organized lists of the top words from a variety of key topics such as sports, weather, clothing, and family terms. An engaging and highly useful resource, the Frequency Dictionary of French will enable students of all levels to get the most out of their study of French vocabulary. Deryle Lonsdale is Associate Professor in the Linguistics and English Language Department at Brigham Young University (Provo, Utah). Yvon Le Bras is Associate Professor of French and Department Chair of the French and Italian Department at Brigham Young University (Provo, Utah).

HSK (Hanyu Shuiping Kaoshi) or the Chinese Proficiency Test is an international standardized exam that tests and rates Chinese language proficiency. The HSK is a standardized international Chinese proficiency test for non-native speakers. The HSK tests students' ability to apply the Chinese language in their studies, personal life, and work. While the majority of test-takers are students, the HSK is a great way for professionals to impress prospective employers with your commitment to learning Chinese, and an opportunity to continue improving your Chinese in a measured process. This HSK vocabulary list is a complete Chinese words list for test prep HSK 4. There is a Chinese word with pinyin and translation in bilingual plus sentence examples for every word to make it easy to remember. After remembering all these words and practice mock exams, you will be ready for the HSK Test with a high score.
