A Western tall tale and a psychological thriller of stunning insight and depth, this is Hawkes' most ambitious work ever.

In his most delightful foray into the wonders of Provençal life, Peter Mayle returns to France and puts behind him cholesterol worries, shopping by phone, California wines, and other concerns that plagued him after too much time away. In *Encore Provence*, Mayle gives us a glimpse into the secrets of the truffle trade, a parfumerie lesson on the delicacies of scent, an exploration of the genetic effects of 2,000 years of foie gras, and a small-town murder mystery that reads like the best fiction. Here, too, are Mayle's latest tips on where to find the best honey, cheese, or chambre d'hôte the region has to offer. Lyric, insightful, sparkling with detail, *Encore Provence* brings us a land where the smell of thyme in the fields or the glory of a leisurely lunch is no less than inspiring.

A newly designed, updated edition of the classic reference traces the renowned wine expert's tour through the vineyards and cellars of Bordeaux, Provence and other regions, where he made vivid observations of the French countryside and its wines. 20,000 first printing.

Colonial Adventures:Commercial Law and Practice in the Making proposes a lung run exploration of the influence of colonisation and overseas trade on commercial law and the adaptation of transplanted law to colonial constraints in a comparative perspective.

The early history of the Hudson's Bay Company comes alive in these true tales of fur-trade wars, incredible wilderness journeys, hardships and danger. Founded by the extraordinary adventurers and renegades Radisson and des Groseilliers, the HBC attracted many memorable characters. Explorer Henry Kelsey was the first European to see the buffalo herds. James Knight met a mysterious fate on a frozen northern island. Brave Isabel Gunn worked in the fur trade disguised as a man. Anyone who enjoys historical adventure will relish these exciting stories of Canada's oldest company.

Robert V. Camuto s interest in wine turned into a passion when he moved to France and began digging into local soils and cellars. Corkscrewed recounts Camuto s journey through France s myriad regions and how the journey brought about a profound change in everything he believed about wine. The world of great wines was once dominated by great Bordeaux ch'teaux. As those ch'teaux were bought up by moguls and international corporations, the heart of French winemaking moved into the realm of small producers, whose wines reflect the stunning diversity of regional environment, soil, and culture terroir. In this book we follow Camuto across France as he works harvesting grapes in Alsace, learns about wine and bombs in Corsica, and eats and drinks his way through the world s greatest bacchanalia in Burgundy. Along the route he discovers a new generation of winemakers who have rejected chemicals, additives, and technologically altered wines. His book charts an odyssey into this new world of French wine, a world of biodynamic winegrowing, herbal treatments, lunar cycles, and grape varieties long ago dismissed as difficult. A celebration of the diversity that makes French wine more than a mere commodity, Camuto s work is a delightful look beyond the supermarket to the various flavors offered by the true vintners of France.
