#### Air Babylon

Air Babylon does the same; only this time, it is all about airlines. Apparently, based on real events, but written in a fictional form, the events in the book occur over a 24 hour period. The book is a laugh riot from the start and might even tell you a thing or two about what airlines and their staff think of their passengers.

'Something strange occurs to guests as soon as they check in. Even if in real life they are perfectly well-mannered, decent people with proper balanced relationships, as soon as they spin through the revolving hotel doors the normal rules of behaviour no longer seem to apply.' All of the following is true. Only the names have been changed to protect the guilty. All the anecdotes, the stories, the characters, the situations, the highs, the lows, the scams, the drugs, the misery, the love, the death and the insanity are exactly as was told by Anonymous - someone who has spent his whole career working in hotels at the heart of London's luxury hotel industry. However, for legal reasons, the stories now take

place in a fictitious hotel known as Hotel Babylon. More than a decade is compressed into a day. Everything else is as it should be. The rich spend money, the hotel makes money and the chambermaids still fight the bellboys over a two-pound coin. It's just another twenty-four hours in an expensive London hotel.

The classic apocalyptic novel that stunned the world.

Heard the one about the airline that has introduced corpse cupboards on new planes to cope with people who die in the air? Or the story about the First Class air hostess who got fired for sitting on the face of a passenger during a long-haul flight? Heard about the amount of knickers and false teeth that are left on the plane? How pissed-off stewards put laxatives in your drinks? Heard about the pilot who ran out of runway? Or the disabled passengers who miraculously walk again? No? Then you haven't read Air Babylon. Do you know the best place to have sex on a plane? How to dress for an upgrade? Do you know that one drink in the air equals three on the ground? Do you know who is checking you in? Who is checking you out? Do you know exactly what happens to your luggage once it leaves your sight? Is it secure? Are you safe? Do you really know anything about the business that you entrust your life to several times a year? Air Babylon is a trawl through the highs, the lows and the rapid descents of the travel industry. It catalogues the births, the deaths, the drunken brawls, the sexual antics, and the debauchery behind the scenes of the ultimate service industry - where the world is divided into those who wear the uniform and those who don't . . .

From CWA Gold & Steel Dagger winner Mick Herron comes a shocking, twisted novel of thrilling suspense about one woman's attempt to be better than ordinary. Twenty-six-year-old Maggie Barnes is someone you would never look at twice. Living alone in a month-to-month sublet in the huge city of London, with no family but an estranged sister, no boyfriend or partner, and not much in the way of friends, Maggie is just the kind of person who could vanish from the face of the earth without anyone taking notice. Or just the kind of person MI5 needs to infiltrate the establishment and thwart an international plot that puts all of Britain at risk. Now one young woman has the chance to be a hero—if she can think quickly enough to stay alive.

CAUTION: Reading this book will forever change the way you peruse the racks at Bergdorf's or flip through the pages of Vogue. Taking the reader through six months in a designer's life, Fashion Babylon follows an anonymous A-list British fashion designer looking to break out across the pond. Structured around three of the annual "must" industry events, this irresistible work of reportage goes inside the well-cut seams of the fashion world, where women are paid tens of thousands of dollars for simply getting dressed and where a wrong skirt length can cost you your career. You'll find out how a collection is put together -- from the objects of inspiration to the catwalk, into the shops and, hopefully, onto the cover of a magazine -- and learn who goes to the shows and where they sit...and whose backside they have to kiss to get there. Witty, naughty and jam-packed with celebrity gossip, Fashion Babylon decodes the markups and the comedowns, the fabulous extremes and the shoddy shortcuts behind one of the most lucrative and secretive businesses in the world.

"One of the persistent questions for people of faith throughout history is how are we to live faithfully in the empires of the world? In Out of babylon, Walter Brueggemann, one of the best interpreters of the Hebrew Bible, takes a fresh look at the prophetic paradigm of exile and restoration in Babylon and the realism of balancing `resistance' and `accommodation' in Persia, examining characters like Daniel and Esther. He asks what those biblical precedents might mean for living within `American Empire,' prompting reflections and lessons for Christians who reside in the midst of the world's last remaining super-power." Jim Wallis, President of Sojourners and author of God's Politics and Rediscovering Values "If Left Behind eschatology and the politics of Christian Zionism represent the worst and least responsible in applying biblical texts to contemporary realities, to whom would we turn to find the best and most responsible? Surely we would turn to Walter Brueggemann, and this new book would provide a primer---not only in its material conclusions but also in its manner of reaching them. Brueggemann offers his signature biblical insight and writes with exceptional vigor." Brian McLaren, author of A New Kind of Christianity (brianmclaren.net) "Walter Brueggemann is stunningly brilliant here. Besides surveying most of the First Testament prophets to show the relationship of the contemporary Church to the metaphor of `Babylon,' this volume takes some surprising turns and gives us fresh directions. Out of Babylon is a must for All Christians!" Marva Dawn, author of Keeping the Sabbath Wholly, Being Well When We're Ill, and In the Beginning GOD "This book drips with prophetic flavor and imagination. For decades, Brueggemann has been a gentle, steadfast voice in the wilderness---inviting cultural refugees, political misfits, and religious burnouts to set up camp and build a new world. In an age that is growing tired of militarism and materialism, here is a book that dares you not only to say NO to the empire but to say YES to another world. Let this book inspire you to look from a distance at Babylon as she falls and Wall Street as she falters and sing songs of deliverance and freedom, songs about the God who lifts up the lowly and casts the mighty from their thrones; these are the songs of Zion." Shane Claiborne, author, activist, and freelance troublemaker
