"Suzanne Enoch's sparkling talent makes each book witty, romantic, and always an eagerly anticipated pleasure." --Christina Dodd A much-beloved classic from the phenomenal Suzanne Enoch, A Matter of Scandal is a delightful showcase of the wit, style, and passion that have made this New York Times and USA Today bestselling author a historical romance star. In this delectable Regency romp, a lusty duke with a well-earned reputation for seduction tricks the beautiful headmistress of a girls finishing school into a wager she cannot possibly win...only to have his own unsuspecting heart won by the clever, resourceful lady. Julia Quinn fans, this Scandal is for you! Read it and see why bestselling author Karen Hawkins has called the novels of Suzanne Enoch, "romance the way it was meant to be written."

"If there was ever any doubt of a graphic novel's ability to achieve a high level of storytelling, this book blows it away."--Newsday "Astonishing in its scope, breadth and execution."--The Independent Twenty years in the making, this sweeping masterpiece charts Berlin through the rise of Nazism During the past two decades, Jason Lutes has quietly created one of the masterworks of the graphic novel golden age. Berlin is one of the high-water marks of the medium: rich in its well-researched historical detail, compassionate in its character studies, and as timely as ever in its depiction of a society slowly awakening to the stranglehold of fascism. Berlin is an intricate look at the fall of the Weimar Republic through the eyes of its citizens--Marthe Müller, a young woman escaping the memory of a brother killed in World War I, Kurt Severing, an idealistic journalist losing faith in the printed word as fascism and extremism take hold; the Brauns, a family torn apart by poverty and politics. Lutes weaves these characters' lives into the larger fabric of a city slowly ripping apart. The city itself is the central protagonist in this historical fiction. Lavish salons, crumbling sidewalks, dusty attics, and train stations: all these places come alive in Lutes' masterful hand. Weimar Berlin was the world's metropolis, where intellectualism, creativity, and sensuous liberal values thrived, and Lutes maps its tragic, inevitable decline. Devastatingly relevant and beautifully told, Berlin is one of the great epics of the comics medium.

PEM Fuel Cell Testing and Diagnosis covers the recent advances in PEM (proton exchange membrane) fuel cell systems, focusing on instruments and techniques for testing and diagnosis, and the application of diagnostic techniques in practical tests and operation. This book is a unique source of electrochemical techniques for researchers, scientists and engineers working in the area of fuel cells. Proton exchange membrane fuel cells are currently considered the most promising clean energy-converting devices for stationary, transportation, and micro-power applications due to their high energy density, high efficiency, and environmental friendliness. To advance research and development of this emerging technology, testing and diagnosis are an essential combined step. This book aids those efforts, addressing effects of humidity, temperature and pressure on fuel cells, degradation and failure analysis, and design and assembly of MEAs, single cells and stacks. Provides fundamental and theoretical principles for PEM fuel cell testing and diagnosis. Comprehensive source for selecting techniques, experimental designs and data analysis Analyzes PEM fuel cell degradation and failure mechanisms, and suggests failure mitigation strategies Provides principles for selecting PEM fuel cell key materials to improve durability

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.

Contents

Romance comes alive on every page in this official When Calls the Heart?Sweetheart addition? coloring book. Beautiful illustrations of your favorite episodes are waiting to be brought to life in full color. Inspired by magical moments from the popular television series, each illustration appears on a single sheet and is accompanied by a matching quote. Younger fans will also enjoy whimsical bonus illustrations designed specifically for children.

A biographical examination of the lives and ministries of great leaders of the twentieth century pentecostal-charismatic revival. Written with a view to encouraging today's believers duplicate the experience of their forebearers.
