Careers in the 21st century are changing, but traditional education methods are not preparing students for these new jobs and demands. In this thought-provoking book, esteemed educator A.J. Juliani describes how we need to modify our classrooms to instill in students the drive for inquiry and innovation that they will need to succeed beyond school doors. Juliani reveals the ways that teachers can use Google's 20% Time, Genius Hour, and Project-Based Learning to make students more creative, inquisitive, engaged in learning, and self-motivated—the kind of people we need to move society forward! He offers easy ways to implement these ideas while meeting the Common Core and still allowing plenty of time for content instruction. Special Features: Research on the benefits of inquiry-based learning Connections to the Common Core State Standards Stories and examples from the field Exciting ideas for using 20% Time, Genius Hour, and PBL at various grade levels Tips for preparing parents and administration for your new instruction Ideas for expanding your knowledge and continually learning in this area Classroom applications for each chapter, including sample projects and resources Bonus content with reproducible materials that you can use in your classroom right now, such as student checklists, questions, lessons, and unit plans As Juliani emphasizes, if we want our students to change the world, we must change our classrooms to foster inquiry and innovation.

Wedding dress designer Daisy Willows always imagined marrying the man of her dreams. The fantasy did not include a fake engagement or a fake wedding. Or that her ex, Cole Benton, would be the groom. But as her mom's medical bills pile up, Daisy can't refuse the help of a well-known bridal show expo owner...or his plan for the fake wedding of the century. Cole Benton's bridal magazine is on the verge of capsizing, taking Cole's dream of an outdoor lifestyle magazine with it. So Cole agrees to the publicity stunt and becomes "engaged" to Daisy. But despite their searing-hot chemistry—both in public and in private—not everyone is buying the charade. And now the only way to save their skins and prove that their big white wedding isn't a big white lie is to say "I do..." Each book in the Hoax Series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book #1 The Wedding Hoax Book #2 The Hookup Hoax Book #3 The Hometown Hoax
