With just a few months left for the examination, it becomes quite challenging for students to cover all the concepts included in the NEET syllabus thoroughly. However, a proper study plan designed as per the latest examination pattern and the syllabus can help students to prepare all the important concepts in shorter time duration. Given below are few useful tips that can assist the students in tackling multiple-choice questions in NEET exam accurately. In most of the multiple choice questions, the options are designed in a very tricky and confusing manner. In most of the cases, all the given options seem to be correct in some aspect. Therefore, the students are advised to read the entire question very carefully. Try to accumulate all the information provided in the question effectively because in some of the cases you can easily evaluate the correct answers from the question itself. If you are muddled by the given options, then, give each option a true and false test. Instead of getting confused, consider all the possibilities and neglect the incorrect options. Hence, in this way, the most appropriate answer could be easily spotted. Use a step

wise approach to solve conceptual and complex questions. Several times Matching type Questions are asked where the students are required to find the mismatched or the correctly matched option. Some of the questions asked in the NEET exam are entirely memory-based; therefore, the students are advised to memorize the common names, scientific names, concepts and important definitions. Around 40% of the questions asked in the NEET exam are application-based. Therefore, students need to focus more on the concepts along with its applications in order to score well in the examination. The students must primarily focus on reading NCERT textbooks. Several times the questions asked in NEET exam are taken directly from the NCERT textbooks. Initially avoid answering those questions for which you are not confident because your wrong answer may reduce your final score. In order to utilize your time appropriately, divide the three hours of examination time as per your comfort among Physics, Chemistry, and Biology. Initially, focus on attempting all easy questions and later on pick the difficult ones. By this way, your confidence will be elevated and you will also get more time to answer hard questions. Practice previous years' question papers/mock tests and sample papers to get an idea on how to answer MCQ questions efficiently. Preparing at an early stage is what an MCQ exam requires. Avoid guesswork for negative marking questions as they might lower your final score. These tips can be very helpful for students to answer difficult and brain teaser questions. Prior preparations and practice are mandatory aspects of any examination. Hence, to crack highly competitive examination like NEET, it is mandatory for students to prepare well and acquire the skills to tackle multiple choice questions effectively. Rather than just following mere guesswork, the aspirants can focus on the tips discussed to tackle Multiple Choice Questions in NEET in the right manner.

Doing Biology is written to engage the students in problem solving through embedded questions and exercises with actual data, real problems, and alternative explanations to examine, criticize, or defend. By recreating important moments in the development of modern biology students can attain a deeper understanding of both the process and content of biology.

The book NEET/ AIIMS Objective Question Bank for Physics, Chemistry & Biology has been written exclusively to help students crack the Medical Entrance exams. The book is unique in the sense that it provides selected questions divided into 6 categories for the NEET exam. The book has been prepared in such a manner that a student can easily complete the book in a month's time. The book follows the exact pattern of the NCERT books. Thus the different sections - Physics has 29, Chemistry has 30 and Biology has 38 chapters. The Question Bank contains: • Fill in the Blanks • True/ False • Conceptual MCQs • Diagram Based Questions • Assertion Reason Based Questions • Matching Based Questions • Critical Thinking Type Questions as per the pattern of the NEET/ AIIMS exam. The book is also useful for JIPMER/ AMU/ KCET etc.
