Black and Blue centers on the tough, complex issue of the conflicts between the black community and police in America, and I commend Jeff Pegues for the in-depth and extremely careful work he has done with this book. Frankly, I was a bit worried before diving into this book: would this be objective? would it be fair? is it legitimate?

"Black and Blue goes far beyond our 140-character, sound-bite world, exposing the complexities of historical inequities and widely differing perspectives affecting the police and community challenges of our day. Recent events, including convulsions of rioting and the brutal assassination of police officers, show us that America has some distance to go in building trust and confidence in the criminal justice process.

A black eye causes swelling and black-and-blue discoloration of the eyelids and soft tissues around the eye. Sometimes, trauma that results in a black eye also causes small areas of bleeding on the white of the eye and on the inner lining of the eyelids. If you have bright-red or dark-red discoloration of your eyeball, you have another problem.
