Welcome to Destiny, or should I say Middle Earth... Jack Lang, sheriff, former Navy pilot. To say Destiny was not what I expected would be like saying Wolverine's fingernails were long enough for a manicure. I'd been looking for Mayberry, a quaint little safe town to raise my daughter. That ship sailed when I met Tempest Pomeroy, who turned out to be a storm witch with a djinn brother and an ex who was... hell, I don't know what he is. But I wasn 't sure I could stay. I had a teenage daughter to consider. Tempe Pomeroy, Tempestaerie, mail lady, and - as Jack likes to say - trouble magnet. Isn't it just like a man to exit a relationship when he finds out a woman has a few little secrets? In case you haven't figured it out, I'm the woman with the secrets. Following Jack's, um, enlightenment, he finally started investigating my little brother's disappearance, but time is running out and our relationship has gone from attraction to suspicion, support to friendship, romance to oh-my-god-get-away-from-me revulsion. Jack 's an ex-Navy pilot. He says he wants to know " everything " . He may stick around, help me save my brother and discover the whereabouts of my mother, but I doubt he 'll still want to take me to the Mardi Gras ball, once he knows " everything " . He'll probably take the first jet out of Middle Earth. 'Cause there 's a lot of everything...
