Peace talks, peace agreements, peace movements... Why is it, although there is a deep longing for peace  
in the world, every day, wars are being waged? And why, although so many people long for peace in their  
lives, does peace seem to be an impossibility even on a personal level? In this series of talks, Osho  
explains how peace can only become a reality when rigid religious practices and political ideologies are  
dropped, and an awakened consciousness takes their place. The key to finding peace is transformation,  
both outer and inner, one person at a time, and in this book Osho indicates how through meditation this  
can be achieved. "Finding this truth, touching the shadow of this truth, is known as finding peace.  
Whoever finds this truth becomes totally calm, at last finds tranquility. Find truth and like a shadow,  
peace will follow. The shadow of truth is peace." Osho
