Description : Much  
research has focused on  
the basic cellular and  
molecular biological  
aspects of stem cells.

Much of this research

This is a very helpful  
and interesting book but  
it should only function  
as a supplement to the  
knowledge your  
instructor has to offer  
you. I have already  
learned quite a few  
things that were not  
offered as knowledge in  
this book.
