company be socially accountable—to itself, its stakeholders, and the public.” A company that engages in CSR operates in a way that enhances society, both locally and globally.

The Difference Between Sustainability and Corporate Social ...

While environmental sustainability is usually a part of corporate social responsibility, CSR does not only focus on sustainability. For many companies, treating the environment well is important, and this value may be reflected in their CSR programs. For example, to counteract the damage Ford's car industry causes to the environment, they try to practice sustainability and community responsibility in their CSR practices in order to be as environmentally friendly as possible.
