Dating in high school is like reality TV. It can get pretty surreal. Between the strict social ladder (geeks' lockers left, jocks' to the right), and silly, pointless rules (no hand-holding, no kissing, no breathing!), high school is the single worst place to find a boyfriend. And Laura Sweeney is no exception. She hasn't had a date since...well, ever. Desperate times call for desperate measures. So Laura is calling in the big guns. She needs guidance. You'd think that basically being in charge of love would be an epic job, right? Wrong. Sure, I can blow some Lust into people's faces and watch the show, but I can't actually participate. It gets old, trust me. Same goes for love. I can pass it out like sugar-free lollipops at a dentist's office, but I can't get any love for myself. It totally sucks. I used to consider myself a hopeless romantic, so why wouldn't I choose to become a cupid? Sounds like a good idea, right? Wrong again. They don't call us stupid cupids for nothing. I'm stuck in this never-ending afterlife where I'm invisible, lonely, and bitter as hell. And yeah, I'm probably responsible for some terrible matchmaking out there. Sorry, not sorry. All my bad cupid'ing might be why I was exiled from the human realm. You can only do so much before the cupid bosses get all huffy. Unfortunately, my bitterness carried over into the new realm, and then I attacked a fae prince with Love Arrows. Accidentally. Okay, not accidentally. But hey, he deserved it. What I didn't expect was for him to retaliate and hit my ass with some crazy magic mojo strong enough to push me into the physical realm. Whoa. That's right. This cupid just got a real body. And you know what that means...Now, it's my turn to get some. Love, I mean. Get your head out of the gutter. Wink, wink bitches. Author's Note: This is a medium-burn reverse harem story. It includes explicit language and sexual situations. Intended for audiences 18 years and older. As this is a series, there will be a cliffhanger.

skinny dipping. Also sex. Lots and lots of sex. But mostly, I just want what I've always wanted--to have love of my own. Wings crossed that the genfins get on board with that plan. What do you get when you have four mates, one psychotic prince, a horde of rebels, and a cupid who just got yanked out of the realm? A big freaking problem, that's what. I was supposed to take on my first real mission as a spy. I was supposed to go find my missing mate and discover who our real allies are for the war that's brewing in the fae realm. Instead, I'm thrown back to where I was first created. Cupidville. And, judging by the look I'm getting from the Head of all Cupidity, and the big Terminate button that he's holding, this problem is about to get much worse. The thing is, I'm more of a lover than a fighter, but when it has to do with staying with my mates, this cupid might just cut a bitch. I've waited my entire existence to find love, and now that I have it, I'm not going to give it up without a fight. Author's note: This is the third book of the Heart Hassle Series. This is a reverse harem story and includes sexually explicit scenes and mature language. Intended for ages 18 years and older.

Here's what I know. Being a cupid is hard work. Love Matches, Lust Breath, Flirt Touches, not to mention having to meet my quotas every month. And hitting your target with arrows? That shit is not easy. But all of that I could handle. Gladly. If only my cupid powers would actually work. But nope. Turns out, I'm a dud. Unless I want to get sucked out of existence, I need to spread some love around fast. The clock is ticking, but I have the perfect candidate to start with. Warren Knight. Smart, hot as hell, rich, bachelor-dud extraordinaire. No matter how many dates he goes on, he just won't seal the deal. It's time I fix him. And fix me too. Of course, the asshole doesn't want to fall in love, so I have my work cut out for me. They say there's no rest for the wicked. Well, they should try being a cupid, because this shit is exhausting. Here goes nothing.
