Steve you don't say weather your 990 is a implematic or a selectamatic (red or White). The hydraulic oil and the transmission oil is all the

same reservoir on both models. The hydralic systems however are very different. The dipstick is located on top of the transmission cover

(non cab) versions. Selectamatic Q cabs had a sight glass on the left side of the transmission case.

This is the second volume in a trilogy of books that look in depth at the history of David Brown tractors, and a remarkable record of a proud company during probably the greatest period of its history. Part Two focuses on the period during which the motto of this celebrated Yorkshire company was Mechanising the world's farms - no idle boast.

The story of the Roadless Traction firm encompasses 60 years of design and innovation in the fields of transport and agricultural engineering. Here, the reader follows the fortunes of the firm from its earliest roots in tank track design to four-wheel drive and high-horsepower tractors.
