Bruno Munari was an Italian artist and designer, who contributed in many fields of both visual (paint, sculpture, film, industrial design, graphics) and non-visual arts (literature, poetry.)

How do we see the world around us? The Penguin on Design series includes the works of creative thinkers whose writings on art, design and the media have changed our vision forever. Bruno Munari was among the most inspirational designers of all time, described by Picasso as ‘the new Leonardo’. Munari insisted that design be beautiful, functional and accessible, and this enlightening and highly entertaining book sets out his ideas about visual, graphic and industrial design and the role it plays in the objects we use everyday. Lamps, road signs, typography, posters, children’s books, advertising, cars and chairs – these are just some of the subjects to which he turns his illuminating gaze.

In the early 1960s Italian design legend Bruno Munari published his visual case studies on shapes: Circle, Square, and, a decade later, Triangle. Using examples from ancient Greece and Egypt, as well as works by Buckminster Fuller, Le Corbusier, and Alvar Aalto, Munari invests the three shapes with specific qualities: the circle relates to the divine, the square signifies safety and enclosure, and the triangle provides a key connective form for designers. One of the great designers of the twentieth century, Munari contributed to the fields of painting, sculpture, design, and photography while teaching throughout his seventy-year career. After World War II he began to focus on book design, creating children's books known for their simplicity and playfulness.

One of the greatest graphic designers of the twentieth century—called by Picasso “the Leonardo of our time”—Italian artist and designer Bruno Munari (1907–1998) considered the book the best medium to communicate his visual ideas, showcase his art, and convey his creative spirit. Primarily produced in large quantities for the general public, his more-than-sixty publications—from design manuals and manifestos to visionary tactile children's books—displayed all the beauty and technical ingenuity of works of art. *Munari's Books*, the first English-language monograph to focus on his remarkable achievements in publishing, examines in detail his seventy-year legacy in print, from his pioneering work as a graphic designer and collaborations with major publishers to his experimental visual projects and innovative contributions to the fields of painting, sculpture, design, photography, and teaching. Featuring critical essays and a wealth of color illustrations, this long-overdue monograph is a visually rich introduction to Munari's remarkably multifaceted career.

Bruno Munari was an internationally acclaimed artist, designer, and children's book creator. A contemporary of Leo Leoni, his books have been hailed as "among the most original, inventive and beautiful ever created." Zoo is among his most graphically stunning works. Meet the kangaroo, who is all legs but doesn't know it, the zebra in his striped pajamas, and the humpy camel, who has a seat for you. Young readers will enjoy Munari's bright, bold illustrations; older readers will appreciate his wry humor. From children to collectors, Bruno Munari's Zoo is certain to enchant a whole new generation. "Graphic designer Bruno Munari is one of the most inventive picture book creators I know. I have been inspired, entertained, and in awe of his work since I was a graphic design student in Germany more than 50 years ago. And Zoo has been one of my favorites. I am delighted that it is available once again for a new generation of picture book readers of all ages." Eric Carle
