readers to key topics including course design, lesson planning, and classroom management. It also identifies how to teach speaking, listening, reading, writing, vocabulary, grammar, and pronunciation, with special attention to language acquisition and intercultural communication. This book was previously self-published as Teaching English: A Practical Guide, which won the 2017 TESL Canada Innovation Award for Teaching Training Resource Materials. This edition has been well updated and includes a new section on using technology in the classroom, expanded coverage of assessment, and new questions and suggested further readings in each chapter.

"Translation and Own-language Activities provides structured, practical advice and guidance for using students' own languages within the ELT classroom. It presents effective ways of integrating carefully chosen activities, covering themes such as tools, language skills, language focus and techniques. The practical activities range from using bilingual dictionaries to translating long texts, with a number of tasks drawing on easy-to-use web tools. The book also considers the relationship between translation and intercultural understanding" --

explaining dictionary features and how to navigate them. The book also covers more complex topics such as collocations, idioms and word building. Dictionary Activities also looks at the use of electronic dictionaries and other non-standard specialized dictionaries such as picture dictionaries. In addition to providing over 90 dictionary activities to use in the language classroom, this book is also invaluable to any teacher who wants to improve their own knowledge of how dictionaries work. Dictionary Activities contains eight chapters which deal with: Confidence and dictionary skills-building activities, vocabulary-building activities, grammar activities, pronunciation activities, reading and writing activities, quick activities, CD-ROM
