Another element, specific to e-biking, is to maintain the traction of both wheels at all times. Mountain e-biking will be different in this respect, but for all other types of e-bikes, it makes sense to keep both wheels on the ground while you ride. This has to do with the distribution of weight and electric power while riding an e-bike.

Easy Rider (1969) - IMDb

The East Riding of Yorkshire, or simply East Riding or East Yorkshire, is an area in Northern England. The name is traditionally and geographically a reference to the easternmost of the three subdivisions (called Thrydings or Ridings) of the traditional county of Yorkshire. The boundaries of the East Riding, the North Riding and the West Riding were historically treated as three separate areas ...

The son of a wrestler turned cycling coach called Killer Kowalski, Rob Hayles was soon winning races himself and realizing that he didn't really want to work for a living. The world of amateur club cycling in the 1990s was a long way from the millionaire sport of today though. When Rob first rode for Great Britain, it was with his own bike, one spare tyre, and a hand-me-down jersey. Yet Rob became an integral part of the amazing success story of British cycling, and has been at the centre of the sport for the past two decades. With Bradley Wiggins, he was a member of the first GB team to become world champions at the team pursuit, the most demanding and thrilling discipline on the track. With teammate David Millar, he witnessed first-hand the drug-strewn, often demeaning life of the professional road cyclist. And as Mark Cavendish's training partner, Rob has been the experienced influence at the side of the fastest man on two wheels. *Easy Rider* is an unforgettable journey through revolutionary times. Sharp, down-to-earth, packed with anecdotes and just plain fun, it takes you from the humblest of beginnings through a golden era in British cycling.

On July 3, 1961, Ian Parsons reported to RCMP Depot Division in Regina as a raw recruit. It was the beginning of a 33-year adventure that took him from Newfoundland to Vancouver Island and many points between. By the time he retired with the rank of inspector, Parsons had a policeman's trunk full of colourful stories and insightful observations that he now shares in this memoir. Parsons writes candidly of his many roles within the RCMP, from postings in rural detachments, where he dealt with diverse policing issues, to stints teaching at the Canadian Police College in Ottawa and at the RCMP Academy in Regina. Always an independent thinker, Parsons lectured sometimes-resistant RCMP senior officers on the adoption of new ways and helped introduce programs to modernize recruit training and make it more relevant to the demands of a rapidly changing Canadian society. In recent years, Parsons has observed the troubled state and tarnished reputation of his beloved force as it faces crisis after crisis. Against the entertaining backdrop of his life in red serge, he gives a thoughtful assessment of things gone wrong in the iconic institution and identifies the drastic steps necessary to save it.

Every cowboy has his secrets... Reporter Kirby Montgomery is undercover at a secret club—where deliciously sexy men are rumored to sell their company and their bodies. The most popular of all the hunks? Easy Ride. Handsome as hell with a ripped bod to match, he's 100 percent red-hot cowboy. And all it takes is one scorchin' kiss to break every one of Kirby's rules... But Kirby isn't the only one breaking rules. Adam "Easy Ride" Drake isn't what he seems. And the explosive chemistry between them is only the beginning of an attraction that spells trouble.

Get Free Easy Riding The All In One Car Guide

With the line between fantasy and reality getting blurry, Kirby has to decide what's more important: the story that could make her career or the man she wants by her side.

In 1969, a low-budget biker movie, *Easy Rider*, shocked Hollywood with its stunning success. An unabashed celebration of sex, drugs, and rock 'n' roll (onscreen and off), *Easy Rider* heralded a heady decade in which a rebellious wave of talented young filmmakers invigorated the movie industry. In *Easy Riders, Raging Bulls*, Peter Biskind takes us on the wild ride that was Hollywood in the '70s, an era that produced such modern classics as *The Godfather*, *Chinatown*, *Shampoo*, *Nashville*, *Taxi Driver*, and *Jaws*. *Easy Riders, Raging Bulls* vividly chronicles the exuberance and excess of the times: the startling success of *Easy Rider* and the equally alarming circumstances under which it was made, with drugs, booze, and violent rivalry between costars Dennis Hopper and Peter Fonda dominating the set; how a small production company named BBS became the guiding spirit of the youth rebellion in Hollywood and how, along the way, some of its executives helped smuggle Huey Newton out of the country; how director Hal Ashby was busted for drugs and thrown in jail in Toronto; why Martin Scorsese attended the Academy Awards with an FBI escort when *Taxi Driver* was nominated; how George Lucas, gripped by anxiety, compulsively cut off his own hair while writing *Star Wars*, how a modest house on Nicholas Beach occupied by actresses Margot Kidder and Jennifer Salt became the unofficial headquarters for the New Hollywood; how Billy Friedkin tried to humiliate Paramount boss Barry Diller; and how screenwriter/director Paul Schrader played Russian roulette in his hot tub. It was a time when an "anything goes" experimentation prevailed both on the screen and off. After the success of *Easy Rider*, young film-school graduates suddenly found themselves in demand, and directors such as Francis Coppola, Peter Bogdanovich, George Lucas, and Martin Scorsese became powerful figures. Even the new generation of film stars -- Nicholson, De Niro, Hoffman, Pacino, and Dunaway -- seemed a breed apart from the traditional Hollywood actors. Ironically, the renaissance would come to an end with *Jaws* and *Star Wars*, hugely successful films that would create a blockbuster mentality and crush innovation. Based on hundreds of interviews with the directors themselves, producers, stars, agents, writers, studio executives, spouses, and ex-spouses, this is the full, candid story of Hollywood's last golden age. Never before have so many celebrities talked so frankly about one another and about the drugs, sex, and money that made so many of them crash and burn. By turns hilarious and shocking, *Easy Riders, Raging Bulls* is the ultimate behind-the-scenes account of Hollywood at work and play.

Take a ride-on the wild side with *Hard Road, Easy Riding*. Sex should be intense, joyful, and liberating--exactly as written in these edgy and uninhibited stories. While there are many anthologies of lesbian erotica available, none so far have focused on the interaction between the lifestyles and sexual adventures of lesbian bikers. Well, why the hell not? What's sexier than a hot woman, clad in form-fitting leather, fiercely in control of the Iron Horse between her legs? The contributors to *Hard Road, Easy Riding* have transcended the experience of power between their thighs that responds to the caress of their fingers. On the road, brief encounters come with the territory. In Rakelle Valencia's "Bikeless and Bored on Snow Days" a rock musician plays a few bars with a would-be groupie, while Judy Snow's "Motorcycle Week Virgin" gets the most out of a day at a biker rally. An

EnduroCross competitor in Muffin McGill's "The New Sport" takes a quick dip with (and in) a casual acquaintance, and war is the force that throws two women together and tears them apart in Connie Wilkins' "Riding the Tiger." Bike-riding dykes span a broad spectrum of roles and images as well. Alison Laleche's "Sweet Thing" is a seductive minx. The boss's wife rides Val Murphy's mechanic in "Hot Rides." The leather biker in Jess Davis's "Shifting" meets a determined Catholic schoolgirl just old enough to be legal. And Jake Rich's "Speed Junkie Johnny" is a blue-collar butch getting by on hard work and memories of a tough but loving "Daddy."

"The Story of the East Riding of Yorkshire" by Horace B. Browne. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
