If you're an experienced editor who wants to get up-to-speed on Premiere Pro, then look no further than this fast-paced but thorough introduction to Adobe's flagship editing program. Enjoy the ride as three experienced editors take you step-by-step through the entire editing process in Premiere Pro, from file creation all the way through output. Along the way you'll learn the ins-and-outs of (or "to do things such as") file management, essential and intermediate editing techniques, color correction, audio mixing and repairing, titling and effects, and delivering your video onto tape, the web, and mobile devices. You'll learn to work within the Adobe ecosystem as well, getting up to speed quickly on time saving tools such as Dynamic Link, Adobe Story, and more. As you work through sections, you'll find references to engaging videos that accompany the book, giving you a visual and audio frame of reference and solidifying your knowledge of the program. Within a weekend, you'll learn everything you need to know to use Premiere Pro confidently for your own projects. In this no-fluff guide to Premiere Pro, you'll learn to

- Quickly organize your existing Final Cut or Avid projects, or create new projects to use right away in Premiere Pro
- Understand how to use Premiere Pro with other Adobe software
- Edit your footage the way you like but with tips and techniques from authors with tons of experience in all the editing programs and who speak your

language. • Put your skills to work immediately by using the accompanying lesson files to work through the steps in the book • Improve your knowledge through video tutorials, handy quick reference guides, and keyboard shortcut sheets made available on the book's companion media. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" ÿ Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear. Please note that some lesson and video files are very large due to their high quality. High-speed internet connections are recommended for best results in downloading these files.

Experience the thrill of creating your own digital video clips for playback on a personal computer, videotape, CD, DVD, or the Web! Chock full of fast-paced, high-interest tutorials and exercises, Video Editing with Adobe Premiere 6.5 is cleverly divided into sections that allow users of all abilities to quickly master the art of using one of today's most popular digital video editing tools to combine video footage, sound files, photography, and art files. Heavily illustrated with dynamic media clips on the accompanying CD to engage interest, this book puts its readers on a direct path to presenting their own projects by following a few simple steps. As they learn how to navigate like a pro through the most sophisticated Adobe Premiere 6.5 features and functions, readers will glean useful insights into hardware needs, the proper use of transitions, the impact of motion effects, integrating and balancing sound files, streaming video for the Web, working with digital camcorders and decks, and more! To ensure a complete understanding of how files developed with other applications interact with Adobe Premiere 6.5, this book provides detailed instruction on how to import line art, photographs, and audio files created with other programs. Processes for exporting final video clips into other software applications for additional enhancements are also demonstrated clearly and concisely, making Video Editing with Adobe Premiere 6.5 an extraordinarily complete guide to the world of digital video creation.
