For the PE Exam you will most likely find at least 1 question for economics. These questions can be easily broken down to looking at two or more options, one a current amount, a second future amount, and a third cash transactions in the middle. You will ultimately have to evaluate the options with present cash value or future cash value.

Economics Archives - PE Exam Questions

Engineering Economics 4-1 Cash Flow Cash flow is the sum of money recorded as receipts or disbursements in a project 's financial records. A cash flow diagram presents the flow of cash as arrows on a time line scaled to the magnitude of the cash flow, where expenses are down arrows and receipts are up arrows. Year-end convention ~ expenses
