"Her simplicity is an achievement, hard-won and remarkable, and the more welcome in a literary world where the cloak of omniscience is all too readily donned." The New York Times Book Review

finest writers.

"Ginzburg's marriage to Leone Ginzburg, who met his death at the hands of the Nazis for his anti-fascist activities, and her work for the Einaudi publishing house placed her squarely in the center of Italian political and cultural life. But whether writing about the Turin of her childhood, the Abruzzi countryside where her family was interned during World War II, or contemporary Rome, Ginzburg never shied away from the traumas of history - even if she approached them only indirectly, through the mundane details and catastrophes of personal life."--Jacket.

Arguably one of Italy's greatest contemporary writers, Natalia Ginzburg has been best known in America as a writer's writer, quiet beloved of her fellow wordsmiths. This collection of personal essays chosen by the eminent American writer Lynne Sharon Schwartz from four of Ginzburg's books written over the course of Ginzburg's lifetime was a many-years long project for Schwartz. These essays are deeply felt, but also disarmingly accessible. Full of self-doubt and searing insight, Ginzburg is merciless in her attempts to describe herself and her world—and yet paradoxically, her self-deprecating remarks reveal her deeper confidence in her own eye and writing ability, as well as the weight and nuance of her exploration of the conflict between humane values and bureaucratic rigidity.

A masterpiece of European literature that blends family memoir and fiction An Italian family, sizable, with its routines and rituals, crazes, pet phrases, and stories, doubtful, comical, indispensable, comes to life in the pages of Natalia Ginzburg's *Family Lexicon*. Giuseppe Levi, the father, is a scientist, consumed by his work and a mania for hiking—when he isn't provoked into angry remonstrance by someone misspeaking or misbehaving or wearing the wrong thing. Giuseppe is Jewish, married to Lidia, a Catholic, though neither is religious; they live in the industrial city of Turin where, as the years pass, their children find ways of their own to medicine, marriage, literature, politics. It is all very ordinary, except that the background to the story is Mussolini's Italy in its steady downward descent to race law and world war. The Levis are, among other things, unshakeable anti-fascists. That will complicate their lives. *Family Lexicon* is about a family and language—and about storytelling not only as a form of survival but also as an instrument of deception and domination. The book takes the shape of a novel, yet everything is true. "Every time that I have found myself inventing something in accordance with my old habits as a novelist, I have felt impelled at once to destroy [it]," Ginzburg tells us at the start. "The places, events, and people are all real."

From "one of the most distinguished writers of modern Italy" (New York Review of Books), a classic novel of society in the midst of a war. This powerful novel is set against the background of Italy from 1939 to 1944, from the anxious months before the country entered the war, through the war years, to the allied victory with its trailing wake of anxiety, disappointment, and grief. In the foreground are the members of two families. One is rich, the other is not. In *All Our Yesterdays*, as in all of Ms. Ginzburg's novels, terrible things happen—suicide, murder, air raids, and bombings. But seemingly less overwhelming events, like a family quarrel, adultery, or a deception, are given equal space, as if to say that, to a victim, adultery and air raids can be equally maiming. *All Our Yesterdays* gives a sharp portrait of a society hungry for change, but betrayed by war. During the period described in the novel, Natalia Ginzburg was married to the writer Leone Ginzburg. Because of his underground activities, he was interned under Mussolini's reign, along with his family, in a restricted area in the Abruzzi. When the Ginzburgs later moved to Rome, Leone was arrested and tortured by the fascists, and killed, leaving Natalia alone to raise her three children. bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

In this collection of her finest and best-known short essays, Natalia Ginzburg explores both the mundane details and inescapable catastrophes of personal life with the grace and wit that have assured her rightful place in the pantheon of classic mid-century authors. Whether she writes of the loss of a friend, Cesare Pavese; or what is inexpugnable of World War II; or the Abruzzi, where she and her first husband lived in forced residence under Fascist rule; or the importance of silence in our society; or her vocation as a writer; or even a pair of worn-out shoes, Ginzburg brings to her reflections the wisdom of a survivor and the spare, wry, and poetically resonant style her readers have come to recognize. "A glowing light of modern Italian literature . . . Ginzburg's magic is the utter simplicity of her prose, suddenly illuminated by one word that makes a lightning streak of a plain phrase. . . . As direct and clean as if it were carved in stone, it yet speaks thoughts of the heart." □ The New York Times Book Review

The story of a family is told through the history of a house. This novel unfolds through letters, the life of the family parallels the fate of the house. As it is sold, the family fragments, and although each protagonist tries to recover happiness, they are each now on their own.
