Engine Block for Farmall or International A, AV, B, BN ...

A lot of parts from an A should fit a B or BN, except for axle, axle housings, front end, and a few other parts.

BN and A engine swap - Farmall Cub

I have a 46- B and the difference is the rear axle, the BN is 8 inches narrower than the B. We used to use the B to cultivate and on 36" rows it was a little wide, wheel weights almost touched corn on outside rows, but an excellent little tractor to pull an old trip rope 4 row planter.

Farmall. From 1924 to 1963, the International Harvester Farmall tractors were the largest-selling row-crop tractors. While the original Farmalls were slate blue in color, in the summer of 1936, the company switched to using red; however, a very few Farmall tractors were painted white in 1950 for a special promotion.
