haiku poems by the members of the Waukesha, Wisconsin haiku group

poetry anthology

Chad Lee Robinson's "The Deep End of the Sky," winner of the Turtle Light Press 2014 Haiku Chapbook Competition, takes us deep into the heartland of America-and of ourselves. "These small poems will take you on a journey through the vast expanses of the American prairie, where you will see, hear and feel the farm landscape and its connection to the cosmos."

A guide to haiku uses examples from around the world to convey the importance of the seasons.

Highlighting a lesser-known aspect of one of America's most influential authors, this new collection displays Jack Kerouac's interest in and mastery of haiku. Experimenting with this compact poetic genre throughout his career, Kerouac often included haiku in novels, correspondence, notebooks, journals, sketchbooks, and recordings. In this collection, Kerouac scholar Regina Weinreich supplements an incomplete draft of a haiku manuscript found in Kerouac's archives with a generous selection of Kerouac's other haiku, from both published and unpublished sources. With more than 500 poems, this is a must-have volume for Kerouac enthusiasts everywhere.

Haiku Poetics in Twentieth Century Avant-Garde Poetry is a multicultural, multilingual investigation into the most recognizable, and probably the single most broadly practiced, poetic form in the world today. This argument moves from theorizing the Buddhist poetics of a global haiku, to close critical readings of poems that examine allusions, themes, and images often taken from traditional Japanese predecessors or engaging other works of a shared haiku lineage.

A compilation of haiku poems written in English by North American poets between 2000 and 2010 in the genre that originally became popular in Japan in the 17th and 18th centuries. The editors focused on typically haikuesque sensibilities plus fleeting remarks, cosmic wonders, whimsies, dissonances, gritty and elegant meldings with nature and veritable koans.

Kagero Nikki, translated here as The Gossamer Years, belongs to the same period as the celebrated Tale of Genji by Murasaki Shikibu. This remarkably frank autobiographical diary and personal confession attempts to describe a difficult relationship as it reveals two tempestuous decades of the author's unhappy marriage and her growing indignation at rival wives and mistresses. Too impetuous to be satisfied as a

subsidiary wife, this beautiful (and unnamed) noblewoman of the Heian dynasty protests the marriage system of her time in one of Japanese literature's earliest attempts to portray difficult elements of the predominant social hierarchy. A classic work of early Japanese prose, *The Gossamer Years* is an important example of the development of Heian literature, which, at its best, represents an extraordinary flowering of realistic expression, an attempt, unique for its age, to treat the human condition with frankness and honesty. A timeless and intimate glimpse into the culture of ancient Japan, this translation by Edward Seidensticker paints a revealing picture of married life in the Heian period.
