I'm no one. A mechanic. A getaway driver. A thief. I was born on the streets, and I like it rough - life, sex, everything. My job is dirty. My past is dirty. So is my future. Until I get out of prison and discover I've inherited a billion dollars. I'm not a good billionaire. I don't care about penthouses, fancy dinners, or private jets. I don't care about life and death. Hell, I don't even care about money. I'm willing to spend every penny of it on one thing. Find the woman who gave me one unforgettable night before I went down. The woman who is too good for me. The woman I can never have. Find her. Get revenge on the man that hurt her. And make her mine.

He needs a wife. She needs a paycheck. But neither expect the heat in their marriage of convenience. No one puts CEO Jack Sutton in a corner, not even his mother... or her will. Marrying a billionaire might be a bit drastic, but spending one year on his arm will make all her problems go away... if she can keep her heart in check. That's never been a problem in the past. It's a business arrangement, but when one thing leads to another will Jack be able to let Kelly go? Or can he find a way to renegotiate the deal of his life? This is a standalone book in the Sutton Billionaires Series. A shorter version of this book was previously published in the Sutton Capital Series under the title Legal Ease.
