Sometimes the right book comes along at the right time. That was certainly the case here. Holy Bible: Best God Damned Version: The Books of Moses is a great idea executed perfectly and it slid into my brain like a key into a lock. It's funny, irreverent and insightful in some unexpected, and welcome, ways.

Damned in the Bible (3 instances)

Holy Bible retells the first five books of the bible, staying true to the meaning of the text, but adding in a comedic flair that will have you laughing out loud! Along the way through hilariously narrative discussions with god, Steve uncovers mistakes, patterns, and out right theft from other stories, but does so in a manner in which it is the characters or god himself revealing it to you!
