honda dream/wave 100 ex5 gearbox diagram. Post by
unclejohnse » Thu Nov 21, 2013 3:47 pm Hi, does
anyone have a gearbox exploded view (schematic)for
a Honda wave/dream 100 that i could have a copy of?
Also does anyone know if i can put standard c90
selector forks in this gearbox as the c90 ones look
much more substantial and only very slightly
different. Many thanks, Johnse. Top. steveST100 ...

For decades the crown jewels of Japan's postwar manufacturing industry, motorcycles remain one of Japan's top exports. *Japan's Motorcycle Wars* assesses the historical development and societal impact of the motorcycle industry, from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia-Pacific region today. Jeffrey Alexander brings a wealth of information to light, providing English translations of transcripts, industry publications, and company histories that have until now been available only in Japanese. By exploring the industry as a whole, he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters, and brutal competition.

Hop on and take a wild ride into a growing American cultural phenomenon
