~~International Investment Arbitration: Substantive -~~

~~This is the long-awaited second edition of this widely-referenced work on the substantive law principles of investment treaty arbitration. It forms a detailed critical review of the substantive principles of international law applied by investment arbitration tribunals, and a clear and comprehensive description of the present state of the law.~~

~~International Investment Arbitration: Substantive -~~

~~By Campbell McLachlan, Laurence Shore & Matthew Weiniger, Published by Oxford University Press, May 2017. The legal principles that have developed in investment arbitration are subject to intense debate and are still in a state of flux. While tribunals routinely state that they are applying principles of public international law, many principles applied have only been developed recently, and tribunals are often guided more by the approaches taken by other tribunals than by pre-existing -~~

~~International law of foreign investment is a field of public international law that primarily addresses the treatment of investment by States, and settlement of disputes between investors and States. The module comprehensively addresses international law of foreign investment protection. This field of international law is expressed in international treaties and customary law obligations and largely implemented through investor-State arbitration, disciplines and structures the manner in which -~~
