As the most critical resource, employees will be safeguarded through training, provision of appropriate work surroundings, and procedures that foster protection of health and safety.

Employee Safety Manual—Pronto Marketing
 A janitorial safety manual is used to document a janitorial company's safety policies, programs, and procedures. A janitorial specific safety manual should address all of the hazards that are specific to the janitorial and custodian trade. Examples include chemical safety, personal protective equipment, slips trips falls, etc.

Janitorial Safety, Procedures, Tips, Manual, Topics—
 If your cleaning business has one or more employees, OSHA requires you to have a written safety manual. This document is called a janitorial safety manual or janitorial safety program. It covers the safety policies, programs and procedures related to hazards that janitors and custodians may face on the job. Our all-in-one program makes it fast and easy to create a janitorial safety manual that meets OSHA regulations.
