Nazareth series, detailing how the stories of Jesus' infancy and childhood are as relevant today as they were two thousand years ago. In 2007, Joseph Ratzinger published his first book as Pope Benedict XVI in order "to make known the figure and message of Jesus." Now, the Pope focuses exclusively on the Gospel accounts of Jesus' life as a child. The root of these stories is the experience of hope found in the birth of Jesus and the affirmations of surrender and service embodied in his parents, Joseph and Mary. This is a story of longing and seeking, as demonstrated by the Magi searching for the redemption offered by the birth of a new king. It is a story of sacrifice and trusting completely in the wisdom of God as seen in the faith of Simeon, the just and devout man of Jerusalem,

when he is in the presence of the Christ child. Ultimately, Jesus' life and message is a story for today, one that speaks to the restlessness of the human heart searching for the sole truth which alone leads to profound joy.

Through his brilliance as a theologian and his personal conviction as a believer, the Pope shares a rich, compelling, flesh-and-blood portrait of Jesus and incites us to encounter, face-to-face, the central figure of the Christian faith. From Jesus of Nazareth: “. . . the great question that will be with us throughout this entire book: But what has Jesus really brought, then, if he has not brought world peace, universal prosperity, and a better world? What has he brought? The answer is very simple: God. He has brought God! He has brought the God who once gradually unveiled his countenance first to Abraham, then to Moses and the prophets, and then in the wisdom literature—the God who showed his face only in Israel, even though he was also honored among the pagans in various shadowy guises.

It is this God, the God of Abraham, of Isaac, and of Jacob, the true God, whom he has brought to the peoples of the earth. He has brought God, and now we know his face, now we can call upon him. Now we know the path that we human beings have to take in this world. Jesus has brought God and with God the truth about where we are going and where we come from: faith, hope, and love.”

This book is an utterly brilliant example of Benedict XVI at his very best . As a Christian apologist and exegete he rightly holds the highest position in the Church but as a teacher and intellectual evangelist he also excels . His deep understanding, novel insights, and clear exposition, make his work easy and rewarding to read . Anyone wanting an introduction to his

work should read this and savour it. Anyone wanting an introduction to Christian thought should buy it. His literary skills alone, which transcend translation, are very considerable and enjoyable in their own right . His forensic examination of historical and theological arguments, his breadth of reading, and his ability to bring new conclusions to light are a joy .

Based on Pope Benedict XVI's weekly teaching on the relationship between Christ and the Church, this book tells the drama of Jesus' first disciples - his Apostles and their associates - and how they spread Jesus' message throughout the ancient world. Far from distorting the truth about Jesus of Nazareth, insists Pope Benedict, the early disciples remained faithful to it, even at the cost of their lives.

Beginning with the Twelve as the foundation of Jesus' re-establishment of the Holy People of God, Pope Benedict examines the story of the early followers of Christ. He draws on Scripture and early tradition to consider such important figures as Peter, Andrew, James and John, and even Judas Iscariot. Benedict moves beyond the original Twelve to discuss Paul of Tarsus, the persecutor of Christianity who became one of Jesus' greatest disciples. Also considered are Stephen, the first Christian martyr, Barnabas, Timothy, Titus, the wife and husband "team" of Priscilla and Aquila, and such key women figures as Mary, the Mother of Jesus, Mary Magdalene, and Phoebe. Jesus, the Apostles and the Early Church is a fascinating journey back to the origins of Christianity. It reveals how Jesus'

earliest disciples faithfully conveyed the truth about the "Jesus of history" and how they laid the foundations for the Church, through whom people today can know the same Jesus.

In this sequel volume to his *Dark Passages of the Bible* (CUA Press, 2013), author Matthew Ramage turns his attention from the Old to the New Testament, now tackling truth claims bearing directly on the heart of the Christian faith cast into doubt by contemporary New Testament scholarship: Did God become man in Jesus, or did the first Christians make Jesus into God? Was Jesus' resurrection a historical event, or rather a myth fabricated by the early Church? Will Jesus indeed return to

earth on the last day, or was this merely the naïve expectation of ancient believers that reasonable people today ought to abandon?

Ratzinger, one of the key persons responsible for the compilation of the Catechism of the Catholic Church, offers new insights on the catechetical character and Biblical foundation of the worldwide bestselling Catechism that has had such a positive response from ordinary Catholics across the globe. But he acknowledges that the response of many theologians and "professional religionists" has been negative toward the Catechism. He says that if theologians don't want to be "shut out" of this worldwide development of *sensus fidei* and lose touch with the common Catholic, they will have to engage the Catechism

positively. The main purpose of this book is to offer an invitation to this changed approach to the Catechism. He wants people to see, as he shows here, how the Catechism is an excellent teaching tool that responds to man's deepest questions about the meaning of life, how to live a good life, and how to attain happiness in this life and in eternal life. He shows how the Catechism affirms that man's happiness is love, and that the essence of true love has been manifested in the Person of Jesus Christ.

Originally published in English in 1988, Joseph Ratzinger's *Eschatology* remains internationally recognized as a leading text on the "last things"—heaven and hell, purgatory and judgment, death and the

Immortality of the soul. This highly anticipated second edition includes a new preface by Joseph Ratzinger/Pope Benedict XVI and a supplement to the bibliography by theologian Peter A. Casarella. Eschatology presents a balanced perspective of the doctrine at the center of Christian belief—the Church's faith in eternal life. Recognizing the task of contemporary eschatology as "to marry perspectives, so that person and community, present and future, are seen in their unity," Joseph Ratzinger brings together recent emphasis on the theology of hope for the future with the more traditional elements of the doctrine. His book has proven to be as timeless as it is timely.
