Language Legislation and Linguistic Rights: Selected ...

In 1921, the principle of territoriality was chosen; it was confirmed by further legislation, with landmark laws passed in 1932 and 1962. The language areas were outlined according to the principle of the language of the majority of the population, and a provision in the 1932 law determined that a language census should be conducted every ten years: a municipality could change its linguistic status only according to the findings of the census.

Language legislation in Belgium - Wikipedia

Here, language and law is considered an area in which the research, principles, and methods of the discipline of linguistics are applied to legal contexts that deal with various areas of language and the law such as: (1) statutory language, courtroom discourse, translation, and interpretation in multilingual contexts; (2) language and the criminal justice system, including police interviews, undercover sting operations, courtroom testimony, and confessions; (3) language evidence in civil ...
