This book provides a clear and concise explanation of corporations, agency and partnership, and the other subjects addressed in most Business Associations courses. To accompany its explanations, the guide utilizes a checklist format to lead students through questions they need to ask and issues they need to address, to fully evaluate the agency, partnership or corporations, problems they will face when studying this subject. It also synthesizes the material in a way that most students are unable to do on their own, and organizes the critical issues, presenting a clear guide to analyze business associations issues that students can draw upon when writing their exams. Other study aids provide sample problems, but this book offers a systematic approach to problem solving.

Step by step tutoring from prep to final essay to get you to the 100% level. . This book is for immediate Exam preparation. This book is not merely an outline. The extraordinary authorship of William T. Allen and Reinier Kraakman provides a unique real-world perspective to Commentaries and Cases on the Law of Business Organization. Logical and flexible organization allows for chapters to be taught in any order to accommodate alternative teaching approaches. Rich commentary in the form of explanatory notes facilitates teaching and understanding. Careful case selection and editing presents both classic and important recent cases. An economic-analysis perspective is made accessible through clear and consistent explanatory text. Examples, hypotheticals, and diagrams illustrate conceptual and theoretical models. The text can easily be used in a Business Organization course with a focus on corporate law. Features: New chapter on basic finance and valuation concepts that updates materials from earlier editions Extensively revised chapter on the corporate voting system which addresses the success of several governance reforms Updated discussion of the duty of loyalty including Delaware benefit corporations and the demise of Emerald Partners II Up-to-date and authoritative commentary on the Delaware case law A presentation centered on the principal-agent problem, which gives students a functional framework for understanding both statutory law and judicial decisions
