A wealthy sorcerer's invitation to sing with his automaton leads seventeen-year-old Nimira, whose family's disgrace brought her from a palace to poverty, into political intrigue, enchantments, and a friendship with a fairy prince who needs her help.

Essays on the medieval chronicle tradition, shedding light on history writing, manuscript studies and the history of the book, and the post-medieval reception of such texts. The histories of chronicles composed in England during the fourteenth and fifteenth centuries and onwards, with a focus on texts belonging to or engaging with the Prose Brut tradition, are the focus of this volume. The contributors examine the composition, dissemination and reception of historical texts written in Anglo-Norman, Latin and English, including the Prose Brut chronicle (c. 1300 and later), Castleford's Chronicle (c. 1327), and Nicholas Trevet's Les Cronicles (c. 1334), looking at questions of the processes of writing, rewriting, printing and editing history

The magazine that helps career moms balance their personal and professional lives.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

An illustrated, illuminating insight into the world of illusion from the world's greatest and most successful magician, capturing its audacious and inventive practitioners, and showcasing the art form's most famous artifacts housed at David Copperfield's secret museum. In this personal journey through a unique and remarkable performing art, David Copperfield profiles twenty-eight of the world's most groundbreaking magicians. From the 16th-century magistrate who wrote the first book on conjuring to the roaring twenties and the man who fooled Houdini, to the woman who levitated, vanished, and caught bullets in her teeth, David Copperfield's

History of Magic takes you on a wild journey through the remarkable feats of the greatest magicians in history. These magicians were all outsiders in their own way, many of them determined to use magic to escape the strictures of class and convention. But they all transformed popular culture, adapted to social change, discovered the inner workings of the human mind, embraced the latest technological and scientific discoveries, and took the art of magic to unprecedented heights. The incredible stories are complimented by over 100 never-before-seen photographs of artifacts from Copperfield's exclusive Museum of Magic, including a 16th-century manual on sleight of hand, Houdini's straightjackets, handcuffs, and water torture chamber, Dante's famous sawing-in-half apparatus, Alexander's high-tech turban that allowed him to read people's minds, and even some coins that may have magically passed through the hands of Abraham Lincoln. By the end of the book, you'll be sure to share Copperfield's passion for the power of magic.

One moment...that's all it takes for life as you once knew it to change irrevocably. For Michael Kingston, that moment was when he first laid eyes on Gabriel. In his life, Michael had only known darkness, leaving behind a broken shell of a man. Unspeakable memories of his childhood constantly plagued him, causing him to disconnect emotionally from the world. No one had ever shown him love; therefore, he believed that he was unworthy of it. And then everything changed. Gabriel Greyson had always been different. Growing up in a small, Bible-thumping town, his preferences for men, makeup, and fashion made him an outcast. But, with the support and love of his family, he overcame obstacles that were thrown his way and rose above the intolerance. He danced to the beat of his own glammed-out drum and refused to

believe that he was anything other than ultra-fabulous. Working as a beautician, he had a job he adored and felt that everything was perfect in his life. Everything except for true love. When these two unlikely men meet, sparks fly. For the first time in Michael's life, he feels like he can overcome the darkness inside him. Gabriel gives him hope and slowly brings him out of the shadows, showing him that even the darkest of souls can be redeemed. But there are secrets that Michael keeps locked away. Michael's fear is that Gabriel will turn away from him when he discovers the truth. After all, who could ever love a beast?
