Medicinal Plants of the Philippines - Eduardo Quisumbing ...

—We do not know the medicinal use of this plant in the Philippines. Probably it has none, but we may give those of the species. R. marmelos, Cor., the fruit of which is almost identical with that of our species and is called Bela or Bael in India. The fruit of the Malakabuyaw is ovoid and full of a mucilaginous pulp, aromatic and acid, the same as that of the Bael.
