The bible in II Corinthians 3:18, says we go from glory to glory. God expects us as His children to move from one level of glory to another. In other words, we are not expected to be stagnant in our Christian walk. The book, Move to the Next Level talks about the five levels every Christian must go through in their Christian walk; what to do to move from one level to the next. The five levels will prepare us for heaven and for the second coming of Christ. Great prophets and men of God went through these stages. Particular reference is made to Abraham, the father of faith, Paul the Apostle, the apostles of Jesus Christ who became martyrs for the sake of the gospel and many others.

A daily devotional for use primarily during the 47 days from Ash Wednesday to Easter Sunday to encourage growth in life that lasts beyond Easter. Each day contains a scripture focus, a commentary, a prayer and a practical challenge.

Much as Good to Great described what separates top companies from the rest, The Next Level: What Insiders Know about Executive Success shows executives what separates leadership success from failure at the next level. Every day, high performers are tapped to be executives and then left alone to figure out how to succeed in their new role. When this happens, most executives rely on strengths that served them well earlier in their careers. As executive coach Scott Eblin explains, this is why 40 percent of them fail. Moving successfully to the executive level requires knowing which behaviors and beliefs to let go, as well as which new ones to pick up. This confidence-building book outlines a program for success based on frank advice from accomplished senior executives around the world on what to do and, just as important, what to avoid. Like having a personal executive coach at your side, this valuable book shows you what to pick up and let go of to be successful at the next level. This fully revised edition of The Next Level is an essential addition to any leadership development or executive education toolkit.

We have our own mystery locked in the secrets of the soul, secrets which can be told, although the mystery will unfold only in revelation, the experience which comes as its own verification. Here we are not talking about anything miraculous, just the extraordinary, sometimes even the ordinary, the confirmation of what we know, what we accept as truth.

PRAISE FOR NEXT LEVEL SALES COACHING "Steve Johnson and Matthew Hawk have created the most comprehensive, actionable, step-by-step guide for successful sales management I've seen in 25 years as a corporate training and development professional. Ask any professional or salesperson if they want to be managed, and they'll tell you, 'I'm good.' Professionals want to grow and develop. They want someone to work with them on an individual basis to help them identify their gaps and build a plan to sharpen skills and close those gaps. That's what Steve Johnson is an expert at and what this book will help managers do at a high level. Managers can use this book to evolve their skills and migrate from being managers to becoming coaches. The 'coaching gap' is the biggest opportunity for businesses today. If managers have not yet developed coaching skills, this book will have an enormous return for those that buy it, read it, and put it to use. Our team can attest to this from firsthand experience." —David Patchen, Senior Vice President, Education and Practice Management, Raymond James Private Client Group "I loved this book as it covered all the sales processes and coaching strategies that helped us drive strong, double-digit growth over the last ten years. A must-read for sales leaders!" —Tom Chelew, Senior Vice President, Enterprise Fleet Management, Enterprise Rent-A-Car "Having implemented the sales coaching techniques described in Next Level Sales Coaching over the last decade and a half at several different companies, I've consistently seen immediate and sustained improvement on key performance metrics in both customer satisfaction and overall conversions. The 'secret sauce' is in the defined coaching processes." —Michael Hatt, Principle Program Manager, Go Learning Development Team, Amazon "Next Level Sales Coaching provides comprehensive guidance for developing and executing core sales management activities that drive predictable and profitable sales. This is a must-read and an excellent reference for those who lead—or aspire to lead—sales teams." —Dario F. Priolo, Former Executive Vice President, Miller Heiman Group

All local churches experience a predictable life cycle of growth and decline. But if a church is on a downward trend, how can it turn around? Taking Your Church to the Next Level explains the impact of age and size on churches and outlines the improvements that must be made at each point for a church to remain fruitful and faithful to its mission. McIntosh deftly describes the cycles of fruitfulness and the importance of continual improvement to diminish destructive forces that keep a congregation from its mission. Church leaders, pastors, and all who care about the church and desire to see it experience biblical growth will benefit from the sage wisdom offered in these pages.
