Amazon.com: AeroPress Coffee and Espresso Maker - Quickly ...

The Aeropress satisfies most but not all of the properties of an espresso brew. The missing property of the Aeropress espresso is the crema which an espresso maker generates. The Aeropress normally doesn't brew with a comparable pressure to an espresso maker which is the main reason it normally doesn't create crema.

Can You Really Make Espresso with the Aeropress?

AeroPress Coffee and Espresso Maker with zippered nylon tote bag. With a fast brewing time and a micro-filter, this AeroPress coffee maker will produce a very smooth cup of gourmet coffee or espresso in as little as one minute. AeroPress Coffee Maker - Cream Supplies

Every AeroPress coffee maker comes with 350 AeroPress paper filters. We do not manufacture or sell filters for use in the AeroPress made of other materials such as metal. We were originally planning to include a metal filter with each AeroPress but when we conducted blind taste tests comparing paper filtered coffee with metal filtered coffee, the paper filtered coffee always won.
