Where do palliative care nurses work? Some Marie Curie Nurses work in the community, visiting people in their homes as part of a planned, rapid response or other service. Some are part of tailored nursing services in partnership with the NHS and other organisations. Others are based at a hospice and work with in-patients and out-patients.

How to become a palliative care nurse - Marie Curie

February 13, 2017. 22065. A nurse ' s role in palliative care is different from other specialities. Although all nurses are skilled in caring for patients, palliative nursing means being available to the patients 24 hours a day to manage their pain and discomforts and to provide support to the families. A nurse doesn ' t just have a single role in palliative care.

The Crucial Role of Nurses In Palliative Care - NurseBuff

Palliative care nurses, sometimes referred to as hospice nurses, are nursing professionals who provide care for patients who are nearing the end of their lives. Since recovery for the vast majority of patients under the care of these nurses isn't generally feasible, relieving patient and familial suffering via comprehensive appraisals of their spiritual, psychosocial, and physical needs is extremely important for the palliative care nurse, which can be a delicate task.
