selected company contact data, including executive names. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package.

Everything you need to know about the business of insurance and risk management - a powerful tool for market research, strategic planning, competitive intelligence or employment searches. Includes trends analysis, statistical tables and profiles of more than 300 of the world's leading insurance companies.

A key reference to the automobile industry, including trends and market research. Includes industry analysis, statistical tables and an industry glossary. A tool for strategic planning, competitive intelligence, employment searches or financial research. Also provides in-depth, proprietary profiles of 400 leading companies in the industry.

The insurance industry is rebounding from its poor financial results of a few years ago. Better risk management, higher premiums and increased use of underwriting information systems have led the way. Meanwhile, the insurance industry is increasingly globalized as cross-border investments and acquisitions continue at a rapid pace. Risk analysis has
