RESIDENTIAL GAS WATER HEATERS

Your Polaris water heater has a filter integrated into the air inlet. This filter is an enhancement of the water heater and is designed to protect the burner from debris and particulates that can get pulled into the air inlet during operation of the water heater. The water heater should never be operated without the filter media installed.

Manual Addendum: INTEGRATED FILTER

Polaris PR 100-34 2NV OR 2PV manual : Condensate Line. Important: If installing over carpeting, the carpeting must be protected by a metal or wood panel beneath the water heater.
