Dazai's Return to Tsugaru is the story of the author's convalescence to his native area. The subtitle, Travels of a Purple Tramp, is a witty reference to his odd attire. Tsugaru, as a geographical place, is right at the northern-most tip of Honshu, just across from Hokkaido.

Return to Tsugaru: Travels of a Purple Tramp: Dazai, Osamu ...

In return for its assistance, the Meiji government granted the Tsugaru family of Hirosaki a 10,000 koku increase. Both branches of Tsugaru daimyo were made imperial governors (藩主, han chiji) of their domains in 1869.

SUMMER READING; TRAVEL - The New York Times

During the Edo period, a honjin for use by the daimyō of Hirosaki Domain during his sankin kōtai trips to Edo was developed at Asamushi. During the Shōwa period, Asamushi is mentioned in the 1944 novel, Tsugaru (often titled Return to Tsugaru: Travels of a Purple Tramp) written by Osamu Dazai.

"A welcome addition to any reading list for those interested in contemporary Japanese society." - Roger Goodman, Nissan Professor of Modern Japanese Society, University of Oxford "I know no better book for an accessible and up-to-date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies." - Hiroko Takeda, Associate Professor, Organization for Global Japanese Studies, University of Tokyo "Pioneering and nuanced in analysis, yet highly accessible and engaging in style." - Yoshio Sugimoto, Emeritus Professor, La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe. This volume is designed to serve as a major interdisciplinary reference work and a seminal text, both rigorous and accessible, to assist students and scholars in understanding one of the major nations of the world. James D. Babb is a Senior Lecturer in the School of Geography, Politics and Sociology at Newcastle University.

Why would a country strongly influenced by Buddhism's reverence for life allow legalized, widely used abortion? Equally puzzling to many Westerners is the Japanese practice of mizuko rites, in which the parents of aborted fetuses pray for the well-being of these rejected "lives." In this provocative investigation, William LaFleur examines abortion as a window on the culture and ethics of Japan. At the

Acces PDF Return To Tsugaru Travels Of A Purple Tramp

same time he contributes to the Western debate on abortion, exploring how the Japanese resolve their conflicting emotions privately and avoid the pro-life/pro-choice politics that sharply divide Americans on the issue.

Contemporary Japanese women are often presented as devoted full-time wives and mothers. At the extreme, they are stereotyped as "education mothers" (kyoiku mama), completely dedicated to the academic success of their children. Children of working mothers are pitied; day-care users, both children and mothers, are faintly disparaged for their inadequate home lives; hired babysitters are virtually unknown. Yet historical evidence reveals a strikingly different picture of Japanese motherhood and childcare at the beginning of the twentieth century. In contrast to today, child tending by non-maternal caregivers was widely accepted at all levels of Japanese society. Day-care centers flourished, and there was virtually no expectation of exclusive maternal care of children, even infants. The patterns of the formation of modern Japanese attitudes toward motherhood, childhood, child-rearing, and home life become visible as this study traces the early twentieth-century rise of Japanese day-care centers, institutions established by middle-class philanthropists and reformers to provide for the physical well-being and mental and moral development of urban lower-class preschool children. Day-care gained broad support in turn-of-the-century Japan for several reasons. For one, day-care did not clash with widely accepted norms of child care. A second factor was the perception of public and private policymakers that day-care held the promise of social and national progress through economic and moral betterment of the urban lower classes. Finally, day-care offered working mothers the opportunity to earn a better livelihood with fewer worries about their children. In spite of emerging notions that total devotion to child-rearing was a woman's highest calling, Japanese nationalism, a signal force in the genesis of the modern Japanese state, economy, and middle-class culture, fed a deep wellspring of support for day-care and fostered significant reshaping of motherhood, childhood, home life, and view of the urban lower classes. *Passages to Modernity* is an important and original contribution to our understanding of the institutional and ideological reach of the early twentieth-century state and the contested emergence of a striking new discourse about woman as domestic caregiver and homemaker.

The academic discipline of translation studies is only half a century old and even younger in the field of bilateral translation between Japanese and Turkish. This book is the second volume of the world's first academic book on Turkish-Japanese translation. While this volume gathered discussions on translation studies with theoretic and applied aspects, literature, linguistics, and philosophy, the second volume deals with the history of translation, philosophy, culture education, language education, and law. It also covers the translation of historical materials and divan poetry. These books will be

Acces PDF Return To Tsugaru Travels Of A Purple Tramp

the first steps to discuss and develop various aspects of the field. Such compilation brings together experienced and young Turkology and Japanology scholars as well as academics linked to translation studies and translation, and also translators. Both volumes contain 24 essays written by twenty-two writers from Japan, Turkey, USA and China. Special notes by Özlem BERK ALBACHTEN, Special notes by Nobuo MISAWA, Ryō MIYASHITA, Esin ESEN, Shingo YAMASHITA, Gülzemin ÖZRENK AYDIN, Iku NAGASHIMA, İbrahim Soner ÖZDEMİR, Sinan LEVENT, Barış KAHRAMAN, DeryaAKKUŞ SAKAUE, Yukiko KONDO, Okan Haluk AKBAY, Ayatemis DEPÇİ

This volume of twelve essays with useful bibliographies, in the fields of history, art, religion, literature, anthropology, political science, and law, documents the history of United States scholarship on Japan since 1945.

This book presents contributions by thirteen scholars of Chinese and Japanese literature whose work is characterised by a strong interest in literary theory. They focus in particular on the various new theories that have emerged during the past two decades, uprooting traditional forms of understanding literary texts, their function, their readership and their interpretation. Often confined to discussion of a specific country or area, these theories have been criticised for their Western bias. This collection breaks through these barriers, providing an opportunity for scholars of two closely related yet often independently studied cultures to present and compare their views on specific theories of literature, to discuss the advantages and shortcomings of those theories, and to consider specific difficulties related to the East-West dimension.

The Japanese are in the process of re-creating themselves--an endeavor they have undertaken at intervals throughout history, always prompted by a combination of domestic and global forces. In this landmark book, Patrick Smith asserts that a variety of forces--the achievement of material affluence, the Cold War's end, and the death of Emperor Hirohito--are now spurring Japan once again toward a fundamental redefinition of itself. As Smith argues, this requires of the West an equally thorough reevaluation of the picture we have held of Japan over the past half-century. He reveals how economic overdevelopment conceals profound political, social, and psychological under-development. And by refocusing on "internal history" and the Japanese character, Smith offers a new framework for understanding Japan and the Japanese as they really are. The Japanese, he says, are now seeking to alter the very thing we believe distinguishes them: the relationship between the individual and society. Timely, measured, and authoritative, this book illuminates a new Japan, a nation preparing to drop the mask it holds up to the West and to steer a course of its own in the world. Jacket image: The Great Wave of Kanagawa, from 36 Views of Mount Fuji (detail) by Katsushika Hokusai. Private collection.
