15/26

Logan McCade arrives at his best friend's wedding overworked and in desperate need of a vacation, only to discover his best man duties have been...expanded. He must coax Sophie, Colton's little sister, out of her shell or risk her hiding in her room all week. Logan figures he can handle one shy bridesmaid, but he's not expecting how much he enjoys "handling" Sophie. Socializing has never been introverted web designer Sophie Brooks's strong suit, but she's determined to shed her wallflower image and embrace the "New Sophie"-a feat made easier with the supremely sexy Logan McCade tempting her to explore all her forbidden fantasies. If she's not careful, she just might fall for the best man. Sophie's sweet, sexy, and delectably awkward demeanor brings much-needed calm to Logan's hectic life. With the nuptials only days away, Logan is forced to face the possibility that his favor to a friend might have become something else entirely...and that he's not willing to let Sophie go. Ever. Each book in the Wedding Dare series is a standalone story that can be enjoyed out of order. Falling for the Groomsman by New York Times bestselling author Jen McLaughlin, w/a Diane Alberts Baiting the Maid of Honor by New York Times bestselling author Tessa Bailey Seducing the Bridesmaid by New York Times bestselling author Katee Robert Best Man with Benefits by USA TODAY bestselling author Samanthe Beck Dare to Resist by New York Times bestselling author Laura Kaye

A short history of nearly everything classical. The foundations of the modern world were laid in Alexandria of Egypt at the turn of the first millennium. In this compulsively readable narrative, Justin Pollard and Howard Reid bring one of history's most fascinating and prolific cities to life, creating a treasure trove of our intellectual and cultural origins. Famous for its lighthouse, its library-the greatest in antiquity-and its fertile intellectual and spiritual life--it was here that Christianity and Islam came to prominence as world religions--Alexandria now takes its rightful place alongside Greece and Rome as a titan of the ancient world. Sparkling with fresh insights on science, philosophy, culture, and invention, this is an irresistible, eye-opening delight.

Rated 'Outstanding' in the 2004 edition of University Press Books Selected for Public and Secondary School Libraries Samuel Cowl's Shakespeare at the Cineplex: The Kenneth Branagh Era is the first thorough exploration of the fifteen major Shakespeare films released since the surprising success of Kenneth Branagh's Henry V (1989). Cowl presents the rich variety of these films in the "long decade: between the fall of the Berlin Wall and the terrorist attacks on September 11, 2001." The productions range from Hollywood-saturated films such as Franco Zeffirelli's Hamlet and Michael Hoffman's A

Midsummer Night's Dream to more modest, experimental offerings, such as Christine Edzard's *As You Like It*. Now available in paperback, Shakespeare at the Cineplex will be welcome reading for fans, students, and scholars of Shakespeare in performance.

KLR650 (2008-2012),

“You can’t help but fall in love with Lynsay Sands!” –New York Times bestselling author Christina Dodd
Lynsay Sands—the perennial USA Today and New York Times bestselling author well-known and loved for her delightful novels featuring the Argeneau family of vampires—once again shows us another side with *Taming the Highland Bride*, the second in the wonderfully witty, supremely sexy historical romance series she kicked off with *Devil of the Highlands*. With *Taming the Highland Bride*, the incomparable Lynsay pays homage to the immortal Bard, William Shakespeare, as she delights readers with a tale of a smitten Scotsman’s determined efforts to tame his beautiful, hot-tempered fiancée, the notorious “Stewart Shrew.”

In the tradition of the bestselling *Intellectual Capital*, internationally recognized management and quality expert Rafael Aguayo shows how integrated mastery of many areas of knowledge -- MetaKnowledge -- can give corporate managers an edge, no matter what the future has in store. In today's world, the basis of economic power and wealth is rapidly shifting from physical resources to intellectual resources. Former powerhouses like U.S. Steel are now minor players, while modern giants such as Microsoft dominate industries that didn't even exist twenty-five years ago. The economy undergoes wild fluctuations. The Internet boom has come and gone. Through globalization, international boundaries are becoming less important every day. In such a dramatically changing environment, the management philosophy that endures must be based on principles that transcend daily occurrences and swings in the market. That's where MetaKnowledge comes in. Rafael Aguayo brings years of firsthand consulting experience to this book and galvanizes it with an impressive yet accessible body of academic study. A disciple of W. Edwards Deming, Aguayo studied with the man who brought quality to the Japanese. He has since expanded his field of expertise to encompass many subjects that contribute to successful business strategies, no matter what the industry. In *The MetaKnowledge Advantage*, Aguayo gives American managers an advantage by helping them break out of their narrow fields of expertise, synthesizing areas of knowledge as diverse as ecology, psychology, statistics, chaos theory, self-actualization, and the theory of multiple intelligences. Drawing on the work of Walter Shewhart (the father of Statistical Quality Control), W. Edwards Deming, Carl Jung, James Lovelock, Bertrand Russell, and many other luminaries, *The MetaKnowledge Advantage* offers a comprehensive -- and extremely flexible -- strategy for good management and ethical behavior in any industry.

Covering every phase of a theatrical production, this fourth edition of *Sound and Music for the Theatre* traces the process of sound design from initial concept through implementation in actual performances. The book discusses the early evolution of sound design and how it supports the play, from researching sources for music and effects, to negotiating a contract. It shows you how to organize the construction of the sound design elements, how the designer functions in a rehearsal, and how to set up and train an operator to run sound equipment. This instructive information is interspersed with 'war stores' describing real-life problems with solutions that you can apply in your own work, whether you're a sound designer, composer, or sound operator.

Get all you need to know with Super Reviews! Each Super Review is packed with in-depth, student-friendly topic reviews that fully explain everything about the subject. The College & University Writing Super Review will help you prepare to write on a college level. Topics include reading skills, basic composition, writing about literature, research assignments, and creative writing. Sample essays show the correct and incorrect ways to prepare writing assignments. Take the Super Review quizzes to see how much you've learned - and where you need more study. Makes an excellent study aid and textbook companion. Great for self-study! DETAILS - From cover to cover, each in-depth topic review is easy-to-follow and easy-to-grasp - Perfect when preparing for homework, quizzes, and exams! - Review questions after each topic that highlight and reinforce key areas and concepts - Student-friendly language for easy reading and comprehension - Includes quizzes that test your understanding of the subject

Describes the life of the Kennedy family matriarch using information culled from her newly-made-public diaries and letters—from defying her father's wishes and marrying Joseph Kennedy through the crushing tragedies that seem to plague her extensive family. Reprint.
