Secrets is an August 1976 jazz - funk fusion album by keyboard player Herbie Hancock. It is also Hancock's seventeenth album overall. The album clearly followed from its predecessor Man-Child. As ever, Paul Jackson's basslines were critical, and the other regular member Bennie Maupin continued to provide most of the solos alongside Hancock.

Secrets of the Mind - The Mind Project

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

What happens when the team whose speciality is hunting down killers becomes the hunted? FBI agent Nathan Thomas faces a new whole challenge – solve the puzzle of several mysterious and unreported deaths in rural Texas, while also facing off against a ruthless and lethal cartel head. Unbeknownst to Nathan, the clock is already ticking... and not everyone in his circle will survive the countdown. Can Nathan keep himself and his team alive long enough to bring a homicidal maniac to justice? Humphrey, the pet hamster of Longfelow School's Room 26, learns that his classroom is full of secrets, the most important of which is that a student will be leaving soon.

When Mona, a young Arab-American girl, journeys with her father to the Middle East to meet her grandmother, she discovers that they share the universal bonds of family love

Your message has the ability to change someone's life. The impact that the right message can have on someone at the right time in their life is immeasurable. It could help to save marriages, repair families, change someone's health, grow a company or more... But only if you know how to get it into the hands of the people whose lives you have been called to change. Expert Secrets will put your message into the hands of people who need it.

Dangerously addictive, The Secrets of Us is a pulse-pounding exploration of a disturbed psyche and the bond between two sisters desperate to escape a troubled past. Foster sisters Krystal and Nichole have always been there for each other, so when Nichole is committed to a psychiatric hospital after trying to kill her husband, Krystal drops everything to defend her. Scarred by a hard upbringing, Nichole and Krystal managed to construct comfortable lives for themselves. Krystal became a respected lawyer, and Nichole was happily married to an architect--until Nichole starts raving that her husband isn't her husband, believing that he's an imposter. Driven by fierce loyalty, Krystal starts asking questions, but she's not sure she can bear the answers. Her investigation leads to the sisters' dark shared past...to a horrible tragedy and a well-guarded lie that cemented their sisterly bond. But that lie can't kill the truth--the battered, gasping, clawing truth that's coming for them both. Now Krystal and Nichole must both fight for the lives they've built before they're consumed by the one they left behind.

J.J. Graves has seen a lot of dead bodies in her line of work... She's not only in the mortuary business, but she's also the coroner for King George County, Virginia. When a grisly murder is discovered in the small town of Bloody Mary, it's up to J.J. and her best friend, Detective Jack Lawson, to bring the victim justice. The murders are piling up... The residents of Bloody Mary are dropping like flies, and when a popular mystery writer shows up on J.J.'s doorstep with plans of writing his new book about the Bloody Mary Serial Killer, J.J. has to decide if he might be going above and beyond the call of duty to create the spine tinglers he's so well known for. It only clouds the issue and puts her reputation on the line when the attraction between them spirals out of control. And passions are rising... J.J. and Jack are in a race against time. They discover each victim had a shocking secret, and the very foundation of J.J.'s life is in danger of crumbling when it turns out she's harboring secrets of her own -- secrets that make her the perfect victim in a deadly game.

"Siena: City of Secrets" is a charming, intimate portrait of this most secretive of cities, often overlooked by travelers to Italy. Part cultural history and intellectual memoir, part travelogue and guide book, Tylus writes with a novelist's flair, taking the reader on a quest of discovery through the well- and not-so-well-travelled roads and alleys of the ancient city. Today, Siena can appear on the surface standoffish, a bit static, and very old-fashioned, especially when compared to its larger, flashier cousins Roma and Firenze. But first impressions wear away as we learn from Tylus that Siena was, over the long view, an innovator among the cities of Italy: the first to pave its streets and main plaza (1298), the first to publicly fund its university (1321), the first to employ the promissory note (1720), the first to ban automobile traffic from its city center (1965), and much else. We also hear about Siena's great artistic and architectural past, hidden behind centuries of over painting and rebuilding, and about its resident apocryphal and not-so-apocryphal Sains. And about the distinctive characters of its different neighborhoods (contrade), exemplified in the highly competitive horse race that takes place annually in the city and that serves as both a dividing and a uniting force for the Siennese. Throughout we are guided by the assuring voice of a seasoned scholar with a gift for spinning a good story and with an eye for the telling detail, whether we are traveling Siena's modern highways or digging through ancient Etruscan tombs; or shadowing the path walked by medieval pilgrims; or tracking the city's financial history from its beginnings as the once-great center for commerce in the sixteenth century to its near collapse in January 2013; or celebrating literary giants Dante and Calvino or giants of the arena, Siena's Series A soccer team. A useful and entertaining guide for students of Italian culture (Tylus has written discursive, reader-friendly endnotes and included a full bibliography in the back matter), the book will also appeal to the traveler and tourist (virtual or otherwise) interested in learning more about this ancient, mysterious, reclusive citydespite itself."

Hawaii -- a place all the world knows as paradise and one of the most remote places on earth -- may hold a clue for all humanity during our very defining moment in history. Pila explains why Hawaii is the crossroads of all our mysteries. The Hawaiian people, their legends and culture, even the location of the islands themselves hold a key that could unlock a giant door and reveal the path to our future. Pila of Hawaii will take you on a journey through time and captivate your soul with the life-transforming power that the islands' sacred sites, folklore and myths bring to those who are willing to seek it. Whether you are planning a trip to this tropical paradise or searching for greater insights into your own spirit, this book will open you to a world of exquisite beauty and power.
