"When the odds were stacked against us, and there have been many times when the great experiment we call America could have and should have failed, did God intervene to save us?"That question, posed by authors Chris and Ted Stewart, is the foundation for this remarkable book. And the examples they cite provide compelling evidence that the hand of Providence has indeed preserved the United States of America on multiple occasions. Skillfully weaving story vignettes with historical explanations, they examine seven instances that illustrate God's protecting care. Never, at any of these critical junctures, was a positive outcome certain or even likely. Yet America prevailed. Why?"No man is perfect," write the authors. "And neither is any nation. Yet, despite our weakness, we are still, as Abraham Lincoln said, the best nation ever given to man. Despite our faults, this nation is still the last, best hope of earth." In short, God still cares what happens here. This reassuring message is a bright light in a world that longs for such hope.

NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man's quest to lead them all home. "In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead."—Jon Krakauer, author of Into the Wild "In the first hours there was nothing, no fear or sadness, just a black and perfect silence." Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father's grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends' lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. Miracle in the Andes, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

It is not unusual for Rita to face daily challenges that come her way, with hope and courage. Motivated by a grateful heart, she has discovered the key to endurance. Today, she has a new path to explore and new mercies of God's Grace to experience.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Financial Times • Kansas City Star • BookPage • Kirkus Reviews • Publishers Weekly • Booklist NEW YORK TIMES BESTSELLER "A stunner."—Justin Cronin "It's never the disasters you see coming that finally come to pass—it's the ones you don't expect at all," says Julia, in this spellbinding novel of catastrophe and survival by a superb new writer. Luminous, suspenseful, unforgettable, The Age of Miracles tells the haunting and beautiful story of Julia and her family as they struggle to live in a time of extraordinary change. On an ordinary Saturday in a California suburb, Julia awakes to discover that something has happened to the rotation of the earth. The days and nights are growing longer and longer; gravity is affected; the birds, the tides, human behavior, and cosmic rhythms are thrown into disarray. In a world that seems filled with danger and loss, Julia also must face surprising developments in herself, and in her personal world—divisions widening between her parents, strange behavior by her friends, the pain and vulnerability of first love, a growing sense of isolation, and a surprising, rebellious new strength. With crystalline prose and the indelible magic of a born storyteller, Karen Thompson Walker gives us a breathtaking portrait of people finding ways to go on in an ever-evolving world. "Gripping drama . . . flawlessly written; it could be the most assured debut by an American writer since Jennifer Egan's Emerald City."—The Denver Post "Pure magnificence."—Nathan Englander "Provides solace with its wisdom, compassion, and elegance."—Curtis Sittenfeld "Riveting, heartbreaking, profoundly moving."—Kirkus Reviews (starred review) Look for special features inside. This is the inspiring story of Lily, a puppy born with a rare disability. Lily was only four minutes old, nursing at her mother's side; already milk was pouring out of her nose and mouth, soaking her and everything around her. Receiving so little nourishment, she wasn't thriving, and within weeks she had a respiratory infection. Euthanasia was compassionately suggested to spare her further distress - even if she lived at all. Against all the odds, however, her owner decided that this sweet little puppy should have a chance at life. Laura weaned Lily early, letting her lick puppy mousse from her fingertip. A month later, she was hand-feeding Lily pieces of water-soaked puppy kibble one at a time during frequent feeds, but still the puppy choked with almost every swallow. Eventually, Lily was diagnosed with a swallowing disability ... extremely rare ... and incurable. Amazingly, Lily has survived against the odds, due to the creative and intensive management of her condition. Her story may give hope to others, and inspire them not to give up their animals who may have life-threatening conditions. Lily even became a Pets As Therapy dog, and helps in schools and residential care homes - she truly is a working miracle.
