specific problem areas that school social workers frequently encounter. Each chapter has been updated and expanded to provide to incorporate a Response to Intervention approach (RtI) in many of the clinical "SBFT in Action" chapters. The authors also utilized results from the second national school social work survey, conducted by a team led by Dr. Kelly and currently in press at School Mental Health Journal and Social Work, to identify several targeted school-related problems that school social workers encounter in their work and demonstrate how to use solution-focused techniques for them.

Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years, this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions. In Part I, Concepts and Processes, chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web. In Part II, Information Sources and Their Use, discussion of each source type has been updated to encompass key resources in print

and on the Web, where an increasing number of freely available sources join those purchased or licensed by libraries. A number of new authors are contributors to this new edition, bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries. Discussions of services in Part I integrate digital reference as appropriate to each topic, such as how to conduct a reference interview online using instant messaging. Boxes interspersed in the text are used to present scenarios for discussion, to highlight key concepts, or to present excerpts from

important documents. Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources. The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources. Each chapter concludes with an updated list of additional readings to guide further study. A new companion website will provide links to Web-accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text.

Too often in practice, there is a tendency to pathologize clients, requiring a diagnosis as part of the helping relationship. Suppose, however, that most of the client problems that social workers encounter have more to do with the vagaries of life and not with what clients are doing wrong. This powerful idea is the philosophy behind the strengths-based approaches to social work. This groundbreaking practice handbook takes this concept one step further, combining the different strengths-based approaches into an overarching model of solution-oriented social

work for greater impact. The strengths perspective emphasizes client strengths, goal-setting, and a shared definition of positive outcome. Solution-focused therapy approaches ongoing problems when they have temporarily abated, amplifying exceptions as solutions. This natural but rarely explored pairing is one component in the challenging and effective practice framework presented here by the authors, two seasoned practitioners with over 50 years of combined experience. By integrating the most useful aspects of the major approaches, a step-by-step plan for action emerges. With this text in hand, you

More than 200 daily science investigations actively involve kids in scientific inquiry into the life, physical, Earth, and space sciences. Meant for "soak" activities, these mini-activities (flash-card sized questions printed eight to a page and meant to be cut out) ask questions for review or research. An additional 16 "extended challenges" are full-page reproducible handouts that require more time because they challenge students to do research. Grades 4-6. Answer key.
