Drawing on the latest

prize-winning
historian John

Why did it end, and who should take the credit? Harper

illuminates the deep-seated behavioural patterns within both the Soviet Union and the United States: the search for security through expansion and military might, the belief in a "messianic" mission to uplift

and obsessive preparation for a hot war that no one seriously intended to begin. It is a story of delusions of omnipotence and rash behavior, punctuated by moments of redeeming statesmanship and self-restraint. Harper concludes that, rather than triumphalism, a

clear look back at the
Cold War's close calls
with catastrophe and
enormous cost in lives
and treasure ought to
evoke a sense of
regret and humility, as
well as relief.
