The Fearful Dental Patient: A Guide to Understanding and ...

Fear of dentists stems not so much from the experience of pain as from the lack of control that patients experience in the dentist's chair, says Ellen Rodino, PhD, a psychologist in Santa Monica,...

Overcoming Fear of the Dentist: Causes and Treatments

Patients with dental fear, including patients having phobic reactions (odontophobia, dental phobia), are usually agreeable to using medications and/or several psychological techniques to reduce fear during dental treatment. 1 Patients with panic disorder and patients fearing injections (needle phobia) are exceptions, however, because they usually recognize their indisposition (usually simple collapse or panic attack) as a result of a supposed life-threatening allergic reaction to injected

9780813820842 - The Fearful Dental Patient

A person with intense dental fear may avoid going to the dentist even for regular dental check-ups and may put off the appointment until the problem has considerably worsened. Dental anxiety can be managed by conscious sedation at the Dental Implant Group in London , and this nervous patient care option makes it possible for an anxious patient to have a comfortable treatment experience.

What Causes Dental Anxiety? - Dental Implant Group

Even though nervous patients know this, they tend to hope tooth decay, gum disease or infection won't happen to them. We are here to fight back - FIGHT THE FEAR! Our team at Archway Dental Group are gentle, calm and professionally trained to guide you through your treatment, with minimal intervention and maximum care.
