The Idler Wheel Is Wiser Than the Driver of the Screw and Whipping Cords Will Serve You More Than Ropes Will Ever Do, frequently abridged as The Idler Wheel..., is the fourth studio album by Fiona Apple. Like her second album When the Pawn..., its title derives from a poem written by Apple herself.

The Idler Wheel... - Wikipedia

An idler-wheel is a wheel which serves only to transmit rotation from one shaft to another, in applications where it is undesirable to connect them directly. For example, connecting a motor to the platter of a phonograph, or the crankshaft-to-camshaft gear train of an automobile. Because it does no work itself, it is called an " idler ".
