The NRA Gunsmithing Guide-Updated [Ken & Fenton, Brad (revised by Raynor, photos and drawings] on Amazon.com. \*FREE\* shipping on qualifying offers.

The Official NRA Guide to Firearms Assembly: Pistols and Revolvers is a newly revised edition of the National Rifle Associations classic volume on pistol and revolver disassembly. With information drawn from the files of the American Rifleman magazine, re-designed and updated with dozens of new firearms, this volume contains the detailed instructions and accurate exploded-view diagrams that provide the information any collector, hunter, or shooting enthusiast needs to be able to take firearms apart.

A fully illustrated, how-to handbook for the art of gunsmithing.

Having shaped our nation since its birth, guns are an integral part of American life. As more and more Americans choose to own firearms, it becomes increasingly important to educate them on proper shooting and handling techniques. Drawing on the National Rifle Association's more than two centuries of shooting experience, as well as the collected knowledge of more than 55,000 certified instructors, The NRA Step-by-Step Guide to Gun Safety offers key—and life-saving—advice on using, caring for, and storing handguns, rifles, and shotguns. Packed with essential information and resources, including details on how propellants burn in cartridges, shooting etiquette on and off the range, and where to find a certified NRA shooting instructor, The NRA Step-by-Step Guide to Gun Safety will help reinforce the importance of safe gun-handling habits. Included is information on: The safest and most effective way to store and transport pistols, rifles, and shotguns The anatomy of the many kinds of guns available The proper way to reload any firearm The best way to clean your gun Proper use of eye and ear protection The correct clothing to wear while hunting Whether you are an experienced shooter or haven't shot a round in your life, The NRA Step-by-Step Guide to Gun Safety will provide new and enlightening information that will make you, and your family, safer gun owners. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

One of America's foremost experts on gunsmithing, Bryce Towsley is back again to provide even more projects for anyone interested in building, customizing, or maintaining firearms. He offers detailed explanations and includes color illustrations for just about every aspect of gun modification and repair. Featured tutorials include: stock modifications, accuracy enhancement, weather preparation, a total rifle makeover, and much more. Beginning with shop design and maintenance, Towsley builds on the knowledge he provides until ending with directions on rifle building from scratch. For anyone interested in fixing or building guns, Towsley's new book is the best guide to getting the most out of a rifle through personal modifications. "My experience working with Skyhorse is always a positive collaboration. The editors are first-rate professionals, and my books receive top-shelf treatment. I truly

appreciate our working relationship and hope it continues for years to come. □ David Fischer, author

in Part I, Fred Zeglin gives you an in depth study of what it takes to build an accurate hunting rifle. Fred has been building custom hunting rifles for over thirty years. His clients come from all walks of life and have one thing in common; when they go hunting they don't want to worry about the accuracy of their rifle. In Part II, Gordy Gritters explains the extreme accuracy requirements of a quality benchrest rifle. Gordy has nearly thirty years invested in building precision rifles. He is a competitive shooter as well as a gunsmith. Builder of many high accuracy rifles used by customers across North America to set records and win various rifle competitions including the Varmint Hunter Jamboree, Coyote Hunting National Championship, 1000 yard matches, 600 yard matches, F-Class matches, BR-50, IR 50-50, 100 and 200 yard benchrest matches, sniper matches, NRA service rifle matches, as well as for varmint and big game hunting.
