Thus Spoke Zarathustra: A Book for All and None is a philosophical novel by German philosopher Friedrich Nietzsche, composed in four parts written and published between 1883 and 1885. Much of the work deals with ideas such as the "eternal recurrence of the same," the parable on the "death of God" and the "prophecy" of the Übermensch, which were first introduced in The Gay Science. Nietzsche himself considered Zarathustra to be his magnum opus.

Thus Spoke Zarathustra (1885) was Nietzsche's own favourite among all his books and has proved to be his most popular, having sold millions of copies in many different languages. In it he addresses the problem of how to live a fulfilling life in a world without meaning, in the aftermath of 'the death of God'.

In Three Parts, Friedrich Nietzsche The book consists of four parts. The first part appeared in 1883, the second and third in 1884, the fourth in 1885 as a private print. In 1886 Nietzsche published the first three parts as So Zarathustra spoke. A book for everyone and no one. In three parts.

**Thus Spoke Zarathustra by Friedrich Nietzsche**

Composed in four parts between 1883 and 1885, Thus Spoke Zarathustra is the most famous and influential work of German philosopher Friedrich Nietzsche. The work is a philosophical novel in which the character of Zarathustra, a religious prophet-like figure, delivers a series of lessons and sermons in a Biblical style that articulate the central ideas of Nietzsche's mature thought.

Zarathustra is essentially a man who praises laughter, and who is able even to laugh at himself. That being said, the book is also extremely uneven. Nietzsche wrote it in ten- day bursts of inspiration, and it is clear that he didn't revise his work very carefully. The book is longer than it needs to be, and is often self-indulgent and clumsy.

Painter Giovanni Segantini was fascinated by Thus Spoke Zarathustra, and he drew an illustration for the first Italian translation of the book. The Russian painter Lena Hades created the oil painting cycle Also Sprach Zarathustra dedicated to the book Thus Spoke Zarathustra.

**Friedrich Nietzsche—Wikipedia**

Friedrich Nietzsche's most accessible and influential philosophical work, misquoted, misrepresented, brilliantly original and enormously influential Nietzsche was one of the most revolutionary and subversive thinkers in Western philosophy, and Thus Spoke Zarathustra remains his most famous and influential work.

'Enigmatic, vatic, emphatic, passionate . . . Nietzsche's works together make a unique statement in the literature of European ideas' A. C. Grayling Nietzsche was one of the most revolutionary thinkers in Western philosophy, and Thus Spoke Zarathustra remains his most influential work. It describes how the ancient Persian prophet Zarathustra descends from his solitude in the mountains to tell the world that God is dead and that the Superman, the human embodiment of divinity, is his successor. With blazing intensity, Nietzsche argues that the meaning of existence is not to be found in religious pieties or meek submission, but in an all-powerful life force: passionate, chaotic and free. Translated with an introduction by R. J. HOLLINGDALE

Presents the author's ideas about the problem of living a fulfilling life in a meaningless world.

Thus Spoke Zarathustra: A Book for All and None (German: Also sprach Zarathustra; Ein Buch für Alle und Keinen, also translated as Thus Spake Zarathustra) is a philosophical novel by German philosopher Friedrich Nietzsche, composed in four parts between 1883 and 1885 and published between 1883 and 1891. Much of the work deals with ideas such as the "eternal recurrence of the same", the parable on the "death of God", and the "prophecy" of the Übermensch, which were first introduced in The Gay Science.

The first comprehensive interpretation of Nietzsche's Thus Spoke Zarathustra—an important and difficult text and the only book Nietzsche ever wrote with characters, events, setting, and a plot. Laurence Lampert's chapter-by-chapter commentary on Nietzsche's magnum opus clarifies not only Zarathustra's narrative structure but also the development of Nietzsche's thinking as a whole. "An impressive piece of scholarship. Insofar as it solves the riddle of Zarathustra in an unprecedented fashion, this study serves as an invaluable resource for all serious students of Nietzsche's philosophy. Lampert's persuasive and thorough interpretation is bound to spark a revival of interest in Zarathustra and raise the standards of Nietzsche scholarship in general."—Daniel W. Conway, Review of Metaphysics "A book of scholarship, filled with passion and concern for its text."—Tracy B. Strong, Review of Politics "This is the first genuine textual commentary on Zarathustra in English, and therewith a genuine reader's guide. It makes a significant and original contribution to its field."—Werner J. Dannhauser, Cornell University "This is a very valuable and carefully wrought study of a very complex and subtle poetic-philosophical work that provides access to Nietzsche's style of presenting his thought, as well as to his passionately affirmed values. Lampert's commentary and analysis of Zarathustra is so thorough and detailed. . . . that it is the most useful English-language companion to Nietzsche's edifying and intriguing work."—Choice Selected as one of Choice's outstanding academic books for 1988

This dual-language edition features one third of Nietzsche's work, keeping the most famous concepts intact and encompassing a variety of moods and modes as well as the author's full linguistic scope.

Thus Spoke Zarathustra is Nietzsche's most problematic text. There appears to be no thematic connection between its four Parts and numerous sections. To make it even worse, the book contains a number of thematic contradictions. The standard approach has been a method of selective reading, that is, most critics select a few brilliant passages for edification and ignore the rest. This approach has turned Nietzsche's text into a collection of disjointed fragments. Going against this prevalent approach, T.K. Seung presents the first unified reading of the whole book. He reads it as the record of Zarathustra's epic journey to find spiritual values in the secular world. The alleged thematic contradictions of the text are shown to indicate the turns and twists that are dictated by the hero's epic battle against his formidable opponent. His heroic struggle is eventually resolved by the power of a pantheistic nature-religion. Thus Nietzsche's ostensibly atheistic work turns out to be a highly religious text. The author uncovers this epic plot by reading Nietzsche's text as a baffling series of riddles and puzzles. Hence his reading is not only edifying but also breathtaking. In this unprecedented enterprise, the author takes a complex interdisciplinary approach, engaging the five disciplines of philosophy, psychology, religious studies, literary analysis, and cultural history.

"Zarathustra" was Nietzsche's masterpiece, the first comprehensive statement of his mature philosophy, and the introduction of his influential and well-known (and misunderstood) ideas including the "overman" or "superman" and the "will to power." It is also the source of Nietzsche's famous (and much misconstrued) statement that "God is dead." This classic was due for an update and overhaul. A considerable part of Nietzsche's genius is his ability to make his language dance, and this is what becomes extraordinarily difficult to translate. Aphorist and punster Thomas Wayne puts the play back into this work.

Presented in hardcover, this title has been carefully edited and reset in a modern design for greater readability. It includes an introduction, informative notes and a chronology of the writer's life and times to enable the reader to gain a deeper understanding of these enduring works.

One of the greatest books ever written. A splendid masterpiece...
