Discourse analysis of spoken interaction requires transcription. There is no other way, at the moment, anyway, apart from playing back the recordings, of 'fixing' and making accessible to scholars and students, the patterns and sequences of actual talk, and the activities which surround it, which the researcher has collected.

Transcribing Talk and Interaction: Issues in the ...

Interest in transcript-based research has grown significantly in recent years. Alongside this growth has been an increase in awareness of the empirical utility of naturalistic research on language use in interaction. However, a quick scan of the literature reveals that very few transcription books have been published in the past three decades.
